Each Global Village school is a proud member of the International Association of Language Centres (IALC).

Founded in 1983, the IALC schools are independent and boutique. The IALC organization is dedicated to assuring quality for students. Your education is possibly the single most important investment you will make. Choosing an IALC accredited school will guide you to the right choice.

The executive management of each GV school are present full-time. We understand that every individual arrives at our schools with unique plans, goals and dreams, and our onsite management teams ensure that each student receives a complete language learning experience.

Each Global Village school offers the highest quality education at a level that is recognized globally.

Our schools meet the most stringent standards both locally and internationally so that our students can have the confidence that their assessment will be recognized, regardless of where they choose to live and work. This assurance can only come from choosing schools that are committed to quality - a commitment that can be seen in the number of memberships and accreditations that we hold.

Whether you want to live with a host family or stay in a residence, we have plenty of options to fit your expectations.

“I started with General English Level 4. At that time I felt shy because I couldn’t say anything, but with the help of the teachers here, I can speak well. I did another class called FCE from Cambridge. I got my certificate, and I’m very, very happy about that! Then I changed to IELTS class, and there, with the help of the teachers, I got my certificate – I got the score I wanted.
