- Individual consultation with your personal teacher
- Special guidance and advice for academic study programme students and for university entry

Our Teachers

Having a recognised diploma-level qualification in teaching English to speakers of other languages is a requirement for our permanent teachers. In addition to this, they will also have extensive teaching experience in a variety of professional areas. It is a minimum requirement that teachers have a recognised English language teaching qualification i.e Cambridge CELTA, Trinity College TESOL Certificate or equivalent. Teachers are also expected to have a degree level qualification.

Within our established long-term team, a number of teachers have Masters level qualifications, others have qualified teacher status (QTS) and some have specialist subject qualifications. Many of these teachers have positions of responsibility according to their areas of expertise.

Our Mission

Excellence in English language teaching, training and testing – putting the student first.

General English Programme

Our Intensive courses have been developed over many years of teaching experience. Innovative and communicative teaching methods are used and form the basis of our teaching. Our General English Programme offers a choice of courses for everyone who needs an improved level of English for academic, social or professional reasons.

Your choice of courses

When you enrol, you can select the number of lessons per week which suits you best, and the course duration which meets your needs. You can be sure that, whether you are a complete beginner, or whether you already have a good understanding of the language, there will be a class suitable for you.

Your class

You will study in a lively international atmosphere with others whose levels of English are similar to your own. You will be taught by a team of two or three teachers, who encourage participation and interaction between members of the group - and English is the only language you will use!

Your lessons

Your lessons will be interesting and effective, with a variety of activities to develop your confidence, knowledge and skills:

- presentation and practice of new language
- rapid development of oral fluency, accuracy and conversation skills
- efficient development of listening, reading and writing skills
- extension of vocabulary, structure and usage

If you follow a course of 30 lessons per week, you will have the benefit of language extension activities and the English for Success Programme.

Outside your scheduled timetable, you will be able to use the multi-media learning centre and private study facilities.

Examination Programme

At Anglo-Continental we successful prepare our students for English language examinations, which are widely accepted in academic and commercial institutions throughout the world. We provide courses in preparation for mainstream examinations such as the International English Language Testing System (IELTS) and the University of Cambridge B2 First.

Courses are designed to develop the necessary skills relevant to the particular examination and to present and practise language appropriate to the students' needs. Timed practice tests provide an idea of what it is like to work under pressure during a real examination.

Examination Practice plus Intensive Courses

These courses aim to raise your level of general English by providing 20 lessons per week of intensive English language study. The general English classes will develop your confidence, knowledge and skills in English. These classes are combined with 10 lessons per week of practice for the examination of your choice: IEITS, B1 Preliminary, B2 First and C1 Advanced. Teachers will familiarise students with the format of the examination and will introduce strategies for dealing with typical questions.

They are suitable for people at all levels of an organisation, from administrative staff to management, and for students preparing for professional employment. They combine 20 lessons of intensive general English tuition with 10 lessons each week developing the language of your chosen specialisation - arranged in independent modules so that you can enrol for a period of time convenient to you. The essential language used in these specialised areas is listed on page 20.

Business and Specialised Lessons

Your teachers, who have background knowledge of the subject of your choice, will use a wide variety of methods and materials, including authentic texts, documents and recorded material appropriate to your work. Role-play, student presentations, and guided and free discussion will improve your fluency and give you the realistic practice you need.

One-to-One Online Lessons

If you wish to take online lessons before or after completion of your course please refer to pages 30 - 32.

Learning Objectives

Having identified your objectives and established your level, we plan your course and then monitor your progress throughout your programme:

- Pre-training assessment form
- Entry test and needs analys
- Regular individual tutorials
- Weekly review of your learning priorities

Personalised Learning

You do not need to worry if you have a low level of English or if it has been a long time since you studied in the classroom. Whether you are a beginner or a graduate in English, the teaching will be productive, enjoyable and appropriate to your needs.

Club 50+ Programme

More and more people in their fifties, sixties and beyond appreciate the attraction of a short, wellorganised study programme - especially when it is combined with visiting and exploring new destinations. If you are fifty or over, this programme offers you the ideal opportunity to visit England for a stimulating and productive holiday.

Your classes

- You will study in a class where the minimum age is fifty, providing there are sufficient students at your level attending the course. In periods where we have lower student numbers, you will be taught in our General English Programme G-1.20, which has no upper age limit.
- The classroom approach is to create an informal atmosphere for purposeful learning, conducted at a pace suitable for those who may not have been in a classroom for many years.
- Our friendly and approachable teachers will make the classes interesting and enjoyable and will use modern teaching methods and materials to build your confidence in speaking English.
- Group activities will be arranged to improve your comprehension and communication skills, such as guided and free conversation practice, role play and discussion of aspects of British and international life, customs and culture.
- Learn in an international environment and make friends with people from many other countries.
- Free access to the multi-media learning centre.

Excursions, leisure activities

Outside the classroom, you will have the benefit of guided excursions to places of historical and cultural interest and of carefully arranged leisure activities. You will also have time for sightseeing and shopping on your own or with your new friends from the school.

Your accommodation

We normally provide accommodation with selected homestay families so that you will have no worries about your welfare and your meals. If you prefer to be independent, we can recommend alternative accommodation such as hotels or guest houses to meet your needs.

Programme Features

- Enjoyable English language tuition
- Virtual learning environment eAnglo
- Relaxed conversation and discussion of current affairs and British life, customs and culture
 - From Elementary to Upper Intermediate level
 - Special excursions and leisure activities
 - Free access to the multi-media learning centre

Vacation Programme - Ages 16 - 17Young Learners and TeenagersProgramme- Ages 10 - 16

Vacation Programme

The Vacation Course consists of 20 lessons per week of General English language lessons.

Classes

Your son/daughter will study in a lively international atmosphere with others whose levels of English are similar. Your son/daughter will be taught by a team of two or three teachers, who encourage participation and interaction between members of the group - and English will be the only language used!

Lessons

Your son/daughter will receive a balanced programme which includes grammar, skills development, and vocabulary development. The classes will be learner-centred. This means that students will take an active part in the classes and will be expected to speak with and listen to fellow students in pairs or small groups.

Homework

Homework forms an integral part of the course.

Progress

Lessons will include a variety of activities including games, quizzes, pair and group work, which will enable the teacher to assess your son/daughter's performance on a weekly basis. If your son/ daughter's class reaches the end of a level, a longer test will be given to see if your son/daughter is ready to progress onto the next level.

Excursions, Sports and Leisure Activities

A variety of excursions, sports and leisure activities are a key part of this programme. The excursions and activities are carefully chosen to support continuous language development and to encourage students to practise their English skills outside of the classroom with other international students.

IELTS Preparation Vacation Programme

At Anglo-Continental, we have a long successful history in preparing our students for English language examinations. The IELTS Preparation Vacation Course will prepare students for the highly regarded International English Language Testing System (IELTS) examination.

The course is designed to develop the necessary skills relevant to the particular to the IELTS examination and to present and practise language appropriate to the students' needs. Timed practice tests provide an idea of what it is like to work under pressure during a real examination.

IELTS Preparation Courses

Recognised worldwide, IELTS assesses the language ability of candidates who need to study or work where English is the language of communication. Our IELTS Preparation Vacation Courses are intended for those who wish to benefit from preparation for the IELTS test, which includes listening, speaking, reading and writing components.

The course aims to raise the students level of general English by providing 20 lessons per week of intensive English language study, combined with 10 lessons per week of practice for the IELTS examination. Teachers will familiarise students with the format of the examination and will introduce strategies for dealing with typical questions.

Homework

Homework forms an integral part of the course.

Excursions, Sports and Leisure Activities

Students will participate in weekend excursions and evening sports and leisure activities. The excursions and activities are carefully chosen to support continuous language development and to encourage students to practise their English skills outside of the classroom with other international students.

Notes

A If you plan to take an examination, we recommend that you register for the examination in advance. Please check the website for examination closing dates: www.anglocontinental.com/ examination

B If you would like an indication of your English language level, you can take an online test. This will be used as a guide and final acceptance is subject to our examination pre-test or our entry test held at the school.

If you have not yet reached the required level, you can first enrol for a period of preparation on the General English Course. See pages 8 - 10. June July August

In this case, no refund can be made.

English language level

Any information about your level received prior to your arrival will act as a guide only. Your English language level will be determined by our entry test on your first day. If you are not at the required level for your course, you will be transferred to a suitable alternative course.

Any request to change or leave accommodation, either separately or in conjunction with the curtailment of a course, must be made to Anglo-Continental at least two weeks before the date of the proposed move and approved before the change is made. Failing this, accommodation fees are payable in lieu of notice. An administrative charge of £60 will be made for each request to change homestay family accommodation. Accommodation fees continue to be payable for any periods of absence during the course.

If a student fails to arrive within one day of the start date of his/her accommodation we reserve the right to cancel the students' booking. Please note that we may not be able to make a new accommodation placement.
