Brighton

Enjoy one of the coolest cities in the UK, fairly nicknamed 'London-by-the-sea'.

This seaside city with its vibrant and laid back culture is the perfect destination. Long summer days spent on the pebbled beaches and the thriving music and festival scene brings many tourists and students alike during the warm months. However, with two major universities in the area, Brighton is a total student city all year-round.

Located in a beautiful Victorian building, our school is right in the heart of the city. Surrounded by quirky independent coffee shops and restaurants and only a 3-minute walk to the beach and city-centre, Oxford International Brighton offers the best combination between academic excellence and authentic home-away-from-home experience.

London

Study English in the historic and picturesque Royal Borough of Greenwich in London.

Greenwich provides the ultimate blend of London life in one of the most beautiful districts of the city. Just a short walk from the front door of the school you can take a stroll along the River Thames, browse for gifts or buy some lunch at Greenwich market, walk through the grounds of the Naval College, visit Greenwich park and take in beautiful views of the city, or catch a train and be in the centre of London in 15 minutes.

There are many other attractions in Greenwich – the O2 arena hosts concerts and large events, with an IMAX cinema and shopping outlet also on location. For those looking for that perfect Instagram pic, you can take a ride on The Emirates Air Line, or strike a pose next to the Prime Meridian Line next to Greenwich Observatory.

Our schools in the UK, Canada and the USA are known for their high academic quality and delivery to students from across the globe.

OVERVIEW

Premium Academic Quality The OIEG Student Journey

1

21ST CENTURY SKILLS - ENGLISH FOR TODAY'S WORLD

In all of our courses, we aim to empower the learner and prepare them for today's world.

When students graduate from one of our seven Oxford International schools, they are ready to use the English they have learned in their place of work or study. Classes are available in-person, online, or as a blended learning combination of the two. Our teachers are trained in methodology which builds upon the Common European Framework for Languages, and have also received training in the successful delivery of online classes.

Students establish or build on a firm foundation across all the skills, using critical thinking and a combination of modern technology and tried-and-tested pedagogical practices to improve their learning experience. It is extremely important to us that students not only learn new language structures, but also use them actively in their everyday life.

Training in critical thinking allows students to develop and share their opinions, with a focus on interaction and sharing information. Students are guided in their learning to develop their productive, receptive as well as mediation skills.

- Productive skills are an indication of how much or well a student can speak or write.
- Receptive skills indicate the student's ability to understand what they hear or read around them.
- Finally, in mediation, the student is able to transfer information (written or spoken) from one source to a recipient, to receive and respond to information, and in return act as a facilitator or intermediary. In making this last step, students are truly prepared to use their English in a meaningful way in their lives.

2

YOUR LEARNING BEGINS BEFORE YOU ARRIVE...

All students are enrolled onto our new Virtual Learning Campus, and receive a login to begin their journey with Oxford International. From here they can take a placement test, and access information about their school. Their profile here will hold all of their academic progress during their time at the school including test results, tutorials, self-study materials and exam preparation.

YOUR FIRST DAY AT SCHOOL

Students receive a warm welcome to their accommodation, and then on their first day at school personally meet with the Principal, Director of Studies, support staff and teachers who they will see every day. They will receive an induction to the school and tour of the local area, along with information about extra activities they can do during their time with us.

3

PERSONALISED STUDY PLAN

Our teachers provide constant feedback and opportunities for students to identify their own strengths and weaknesses, building their confidence to not only take advantage of the wealth of knowledge our teachers bring to the classroom, but also to be independent learners outside of the classroom. Backed by our online learning platform, which adapts to each student according to the tests and study they do, they will receive the highest level of personalised education.

4

PRIVATE TUTORIAL

Teachers will do regular tutorials with students. During tutorials, level aims are discussed together, and whether the student has achieved competency in each skill. This collaborative approach empowers the student to direct their own learning and keeps them on track to reach their goals. Suggestions for practice materials and self-study options are offered.

7

FORMAL ASSESSMENTS

Our students benefit from ongoing assessment as well as formal assessment in speaking every two weeks. There are weekly opportunities to change classes according to level to keep students moving towards their goal.

Our teachers provide excellence in level assessment and many teachers are certified IELTS examiners or work on our own English Language Level Test.

8

CONTINUE TO STUDY OUTSIDE THE CLASSROOM

Through our extensive social programme, where students can mix with others in an informal environment and practice their language, or the study club where further teacher input can assist with studies, there are plenty of opportunities on offer to continue learning!

9

COURSE CUSTOMISATION

Using our exciting elective syllabus and tutorials throughout their studies, students can truly have a personalised experience. This can include learning new study skills, academic English and language for the world of business. There is a strong focus on language acquisition and real-world application.

5

COLLABORATIVE COURSE REVIEW

Our students have the opportunity to meet with their teacher individually at least bi-weekly and review their progress and performance. As part of our premium service, all students also have the opportunity to speak with the Director of Studies when they need to.

6

GRADUATION

All students receive certificates of completion and can also choose to take a formalised English language test.

10

OIEG ALUMNI

Just because a student has left our school, it does not mean their journey is over! We give students access to our Virtual Learning Campus for extra time after they finish, and they automatically become part of the Oxford International Alumni, with access to newsletters and future events. We always like to stay in touch with our students and hear about their future success stories.

Electives

During the elective lessons, each school will offer a selection of different themed lessons to cover a variety of levels and students will be able to choose from these to match their interests and learning goals. Our electives are designed to focus on key skills, to further your language knowledge in specific subject areas, or give you more opportunity to practice speaking with confidence. Here is a small selection to give you an idea of the variety on offer.

KEY:

 Level

 CEFR

Confident Speaking

 1-10

 A1-C2

This class develops students' fluency and listening skills through communicative practice and reinforcement. Students will discuss a range of trending and relevant topics. Presentations, project work and cooperative tasks are designed to develop confidence in spoken English.

For some courses, there will be the option to add related field trips.

Academic Reading and Writing

 4-10

 B1-C2

This course will develop the ability to produce pertinent and accurate writing, exploring style and register. The integrated approach of the class fosters academic literacy and content development to build a solid foundation of academic language skills. Students will write formal essays, read and analyse fiction and non-fiction and improve their reading speed and comprehension.

English for Customer Service

 4-10

 B1-C2

The class focuses on English applied to customer service, featuring vocabulary and common scenarios. Students will develop the skills they will need to thrive in this field in an international context.

Exam Skills

 4-10

 B1-C2

In this course, test-taking techniques are practiced and students are exposed to a variety of practice materials for the FCE, CAE and IELTS exams, tailored to the needs of the students.

Academic Speaking and Writing

 4-10

 B1-C2

From sentence structure to writing comprehensive reports and oral presentations to formal debates, in this class students will work on their academic productive skills. Students explore a different topic each week and prepare presentations and take part in discussions, with each week culminating in at least one piece of written work.

Debate, Presentation and Public Speaking

 4-10

 B1-C2

Through structured coaching and feedback, students build on their ability to make their point with conviction and clarity. They will learn persuasive language and the language of agreeing and disagreeing politely in the context of various topics, culminating in a debate, presentation or a speech at the end of each cycle.

21st Century Business

 4-10

 B1-C2

Our Business English curriculum combines the best in academic business knowledge with practice for everyday business situations, exploring areas such as entrepreneurship, marketing, HR and more.

 4-10

 B1-C2

For this level, there will be the option to add related field trips such as visiting a local business or an industrial facility.

English for Academic Purposes

 4-10

 B1-C2

For students intending to study in English, this course will help them to establish successful habits and teach the skills needed to succeed in higher education including note taking, essay writing, discussions and presentations.

Global Leadership

 4-10

 B1-C2

Our global leadership course offers training in self-evaluation, critical thinking, negotiation, active listening and research, all within the framework of an ESL programme of the highest academic standards.

Electives (cont'd.)

English for Journalism

In this class, students have the opportunity to design and run a blog, magazine or website. Working as a team, this class produces weekly editions, collaborating to decide on content and format as well as identifying and exploring areas of interest. The class develops all the skill areas and there is no limit to the scope of students' research and creativity.

Pronunciation and Fluency

Participants in this class receive intensive coaching on how to pronounce the sounds of English, followed by structured practice and free practice in conversation with partners.

English in a Local Context

A four week cultural and linguistic introduction to one of our beautiful locations to help learners prepare and get the most out of their trip. Students will gain an insider's knowledge of local attractions, entertainment and shops, with the option to add related field trips.

English through Literature

This class gives students the opportunity to study English through theatre & literature and includes a focus on pronunciation and performing the English language. Students study particular plays or books, their meaning and characters, culminating in writing their own piece of work to perform or share them with the rest of the class. For some courses, there will be the opportunity to add a trip to a local theatre production.

Projects and Communication

Each week the class undertakes a project, in teams, to learn/practice to language of cooperation, making decisions, reaching compromise, giving instructions and presentations.

Essential English

Cycling through pronunciation, reading comprehension, listening comprehension, situational English and/or idioms, students will hit the ground running with practical skills.

*Please note, the elective options may vary according to the location, and we cannot guarantee which electives will be running during your time with us.

Sample Elective Packages

Electives packages are curated selections of classes catering to several areas of interest and providing variety while still addressing the specific needs of each student.

We have put together a collection of sample elective packages to demonstrate how to use electives in the afternoon to focus on a particular area of study.

Scale of Language Proficiency and Progress

Our Scale of Language Proficiency is an accurate reference to many other popular language proficiency tests around the world.

This framework helps students understand their individual skill levels so they can effectively communicate with their teachers regarding their

learning objectives; it also guides our staff so they can help students to achieve their desired goals.

Following the Progress Chart, students can estimate the amount of time they will need to reach their goal or the progress they can expect to make during their time at Oxford International.

Pathways to Higher Education

Our programs prepare students for post-secondary study and are customised to the needs of each individual learner and their education goals.

Choose from over 50 partner colleges and universities. We offer a direct study pathway to the following institutions, many of which recognise our levels, eliminating the need for an entry exam such as IELTS, TOIEC or TOEFL*.

Most partners are able to offer conditional letters of acceptance. We have a dedicated Pathway Director to help you choose the right college or university as well as support you through the enrolment process. All students are eligible when studying in Canada for six months or more on a full-time degree, diploma or certificate program.

The Process

- 1 Our Pathway Team is here to guide and support you
- 2 Identify the best program based on your future goals and academic background and take our North America Pathways English Test:
www.oxfordinternationalenglish.com/useful-information/english-test/
- 3 Complete and submit an application form specifying the length of the Pathway Program (English Language Studies)
- 4 Complete and submit a Pathway Partner application with our help (including the payment)
- 5 Receive a Conditional Letter of Acceptance (CLOA) from our Pathway Partner
- 6 Apply for the Student Visas & Permits in Canada or US
- 7 Complete Pathway Program and achieve English language level to enter partner institution without IELTS
- 8 Eligible to work on campus in the US and Canada and off campus in Canada up to 20 hours a week
- 9 Transfer to a top university by studying first at a 2 year college in the US or Canada
- 10 Possibilities for Post Graduate Work Permit in Canada by studying at an eligible institution

*Please note IELTS scores may be required for certain post-graduate and graduate programs

University & College Pathway Halifax (UCP)

The UCP program prepares international students for future university or college studies in North America by guiding them to develop the English language skills necessary for their academic success.

Students who successfully complete these programs gain direct entry to partner colleges and university with no IELTS or TOEFL scores required. All of our partners provide conditional letters of acceptance.

KEY FACTS

Highest success rates for graduates who continue to college and university

Weekly schedule of social and cultural activities

Free, full-service college and university application support

Objectives

The levels in UCP focus on increasing students' overall abilities in reading, writing, listening, and speaking in an academic context.

All courses in the program have subsidiary aims of building interpersonal skills, increasing cross-cultural awareness, and improving critical thinking skills. The students rely heavily on problem-solving and teamwork in order to successfully meet the requirements of the program and each of its courses

Post Graduate Pathway Program

The Post-Graduate Pathway program prepares students for the rigours of graduate-level study by preparing them linguistically as well as giving them authentic practice that mimics the expectations of their respective programs. Students will improve their language skills through intensive practice while also receiving language education that is tailored to their specific needs in their chosen programs. Students who complete this course will have direct access to specific graduate programs in Atlantic Canada—that is, they will be able to enter into these programs without an IELTS or TOEFL score.

Program Courses

There are seven courses in the Post Graduate Pathway Program:

- Academic Listening
- Academic Reading
- Academic Verbal Communication
- Academic Writing
- Academic Vocabulary
- Academic Grammar
- Academic Culture

Upon successful completion, you will have direct access to the Master's Degree at the **University of Prince Edward Island** or **NSCAD University**.

So, where can I go?

From the sunshine in San Diego to the beautiful architecture and history of Oxford, we have a choice of 7 beautiful destinations for you to choose from in the UK, Canada and the USA.

Why should I send a group of students to Oxford International?

- Together with you we will arrange an exciting programme of visits, workshops and other activities to enhance the learning experience
- Whenever possible we will mix your students with other students from around the world – an amazing international learning platform
- Groups can study not only in the class, but also have lessons on location, whether it is a museum, business enterprise or science laboratory – the world is your classroom
- Flexible pricing – we can make a programme to suit your budget

Do you have a minimum group size?

A group must be at least 5 people, and if they are a junior group, they must travel with a Group Leader. If your group has a mix of junior students and adults this is also fine for us but we encourage the lessons to all be at the same time so the group can stay together during excursions and activities.

Academic Options

A group can choose between General English, Career-focused Business English or Exam preparation courses. Alternatively, we also offer very exciting English Plus programmes or English for Specific purposes. Our syllabus is constantly updated to reflect the modern world and created in-house to get the best out of your students.

Oxford International Career Colleges

Professional Qualifications with Oxford International

Wherever you are in the USA, Canada or the UK and need to take IELTS for academic, immigration or professional requirements, we can help you.

We offer full-time, part-time and evening courses for IELTS exam preparation at our seven schools: Brighton, London, Oxford, New York City, San Diego, Toronto and Vancouver. Alternatively, online preparation courses are available when you register for an exam at one of over 20 IELTS test locations across North America. In the UK we will register you with a local test centre following your preparation course.

As an OET Authorised Test Venue, Oxford International North America also administers the Occupational English Test (OET) in various locations across Canada and the US. Within North America, the Occupational English Test is used by various fields of the medical profession to obtain professional licensure, ECFMG certification or professional development.

Our official IELTS test centres are certified with the British Council in Canada and IELTS USA in America. In addition to the Paper-Based exams, we offer the Computer-Delivered exam at select locations.

English Language Level Test (ELLT)

The English Language Level Test is a fully online language examination, and is recognised by a growing list of universities. The ELLT is conducted via our innovative and secure online portal, enabling students to complete all four examination components of the ELLT - reading, writing listening and speaking - entirely online. Students are examined using a combination of computer generated tasks and examinations administered and marked by our professional examination staff. Results are available within 48 hours of completion.

ELLT Global

Take the ELLT in just one sitting within an approved ELLT Test Centre. This invigilated version of the ELLT allows students to complete their language level examination in a secure test facility and receive their results from 48 hours after the completion of their test.

ELLT Preparation Course

For students registering to take the ELLT, we offer a preparation course that takes place over 3 sessions, each focusing on a different element of the exam. You can either take this intensively over 3 days, followed by the exam, or one session a week for three weeks. The course is delivered online in live lessons by one of our English language examiners.

ELLT is delivered by Oxford International Digital Institute. For more information, please visit oidigitalinstitute.com
