# A HISTORY OF SUCCESS

Study at Exeter and you'll join a historic institution with a reputation for graduate employability. The university maintains strong relationships with global firms and is among the top 15 UK higher education institutions targeted by top employers<sup>1</sup>. That's because Exeter students achieve excellent results.

## Your future career

Offering more than a dozen employability initiatives and expert ongoing support, the University of Exeter is the perfect place to kick start your career.

### You'll benefit from:

- a UK top 5 university careers service<sup>2</sup>
- links to the Career Development Institute to enhance your career skills
- dedicated support for careers in education, sustainability and international industries
- close links with more than 9,000 UK and global employers
- regular careers fairs targeting a wide range of sectors
- valuable industry work experience options
- the Exeter Award – an extracurricular employability achievement award that can boost your employability prospects.

## Careers in Exeter

Exeter promises a bright future for graduates. The city boasts one of the fastest-growing economies in the UK<sup>3</sup>, with rapid expansion expected in digital technology, environmental science and advanced engineering. Whatever your specialism, you'll find a wealth of local employment opportunities. Exeter is home to Pennon Group, Midas Group and the Met Office, as well as the Royal Devon NHS Trust.

On the day that I got my job offer, I was super excited. All my hard work was worth it. When speaking to people who achieved what I wanted to achieve, that really accelerated my application. I was given the tips that they had learnt from their own experience that I wouldn't have known otherwise.

## Get career-ready while you study with experiences you won't get in a classroom

At Exeter, there are even more ways to gain experience and stand out to employers.

### Work placements

Practical experience, industry networking and a real salary – all before you've even graduated.

### Employability support

Including CV workshops, practice job interviews and careers fairs.

### Hands-on paid opportunities

Develop your skills with companies such as Hatless Studios, founded by Exeter graduates, which employs students as developers on projects for real clients.

Exeter graduates have gone on to work for:

- AMAZON
- APPLE
- BMW
- DELOITTE
- GLAXOSMITHKLINE
- GOLDMAN SACHS
- JP MORGAN
- MICROSOFT
- MORGAN STANLEY
- PFIZER
- PWC
- UNILEVER

# 92%

Exeter's 92% employment and further study rate<sup>4</sup> shows just how effective its degrees are for your employability prospects.

# 95%

Degrees here help you gain the skills needed to compete in the global job market, with 95% of students undertaking work experience.

My company, the first of its kind in the Kingdom of Saudi Arabia, teaches coding, data science and web development to girls. I worked as a software engineer previously, but my passion was to educate, and I strongly believe that we need more women in this sector.

**Deema, Saudi Arabia**  
CEO and Co-Founder at CODE FOR GIRLS  
• International Foundation  
• BSc (Hons) Computer Science with Proficiency in Spanish

If you really want to work in the UK, you have to put in the effort from day one. My placement year was a turning point for me. I had exposure to what the job market and working world were really like. I've been dreaming of working in the UK for so long and now it's come true. If I didn't study with INTO, I wouldn't have the job that I have now.

## Exeter International Foundation

A pathway as diverse as your interests. Choose from ten mix-and-match modules as part of your programme. Or select specific modules to graduate with a subject qualification in your chosen subject area. Better yet, there are no visa restrictions if you decide to change track.

## Engineering

Where science meets creativity. Develop critical thinking skills to help drive change and solve problems.

- UK top 10 for General Engineering, and UK top 15 for Mechanical Engineering<sup>2</sup>.
- 95% of graduates in or due to start employment or further study 15 months after graduating<sup>3</sup>
- Flexible learning options – choose your specialism after your first year of degree study.
- Strong business focus, with entrepreneurship and management pathways available.
- Industry work experience opportunities available.

- Graduates have gone on to work for EDF Energy, Nestlé and the Ministry of Defence.
- £6.5 million upgrade to engineering facilities.

### Engineering facilities include:

- specialised laboratories including electronics, materials and thermodynamics
- offshore test sites for renewable energy research
- industrial equipment like 3D printers, laser cutters and electron microscopes
- a recently refurbished building with new labs and collaboration spaces.

## Psychology

Explore new insights into human behaviour and pursue a career in a field like healthcare, social work or research.

- World top 100 for Psychology<sup>4</sup>.
- Degree accreditation by the British Psychological Society.
- 99% of research is of international quality<sup>5</sup>.
- Flexible course options, including a degree in psychology and sport science.
- A friendly, collaborative learning environment led by recognised experts.
- Graduates have gone on to work for the BBC, NHS and Ipsos MORI.

### Psychology facilities include:

- dedicated laboratories for psychopharmacology, biomedical analysis and biobehavioural study
- a working clinic for mood disorders, providing therapy to residents of Exeter
- cutting-edge medical equipment, including an MRI scanner.

16

subject areas in the world top 100<sup>4</sup>, including psychology, politics and environmental sciences

All INTO University of Exeter students also have access to:

**the Forum** – home to useful facilities including a 24/7 three-floor library, a Student Services Centre, food outlets and learning spaces

**Sports Park** – outstanding sports facilities, including a swimming pool, golf centre, football pitches and courts

**multifaith chaplaincy** – a safe space for personal and group worship

**Northcott Theatre** – an on-campus venue where you can watch music and theatre productions

**Bill Douglas Cinema Museum** – one of the biggest TV and film material collections in the UK.

## Streatham Campus A botanical wonderland

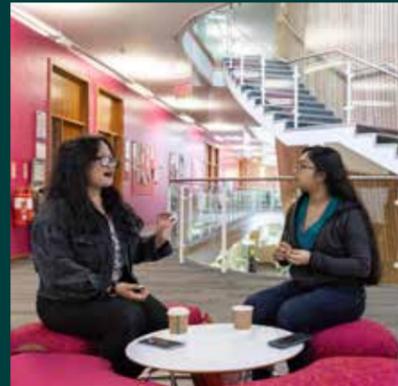

You'll be based on the University of Exeter's Streatham Campus during your INTO course. Surrounded by beautiful parkland and home to cutting-edge facilities, this inspirational campus is the ideal environment to live and study in.

It's also a registered botanical garden, home to specialist plant collections. Explore the lakes and woodland trails within this 300-acre green wonderland for the ideal break between studies.

## INTO Centre facilities

Depending on your pathway programme, you'll have access to:

- a 110-seat multi purpose lecture theatre where you'll experience university-style lectures
- a well-equipped science laboratory for hands-on learning
- two multimedia rooms with access to GeoGebra, Anaconda and online SolidWorks
- study spaces and a café to meet and socialise with classmates.

Living in the INTO accommodation at Duryard was the best decision ever. It felt like a close-knit family. I used to always run into people doing laundry or walking to the store nearby. It was nice to live in a community with everyone right next to you. It felt safe and secure.

### Dristi, India

- International Year One
- BSc (Hons) Psychology
- Postgraduate psychology student at King's College, University of London

## All residents enjoy:

- safe, secure and furnished rooms
- bedding, tableware and kitchen utensils
- an on-site shop, café and laundry facilities
- 24-hour security and secure building access
- free Wi-Fi
- support from on-site INTO staff.

## Your home away from home in Exeter

Be part of student life from day one with our self-catered student residences, just a 15-minute walk from the INTO Centre. Choose from three comfortable room types:

### Standard ensuite

Single bedroom with private bathroom and shared kitchen.

### Shared studio

Two separate bedrooms with shared bathroom and kitchenette.

### Studio

Single bedroom with private bathroom and kitchenette.

Scan the QR code to find out more

INTO staff are keen to support every student. It's a very open-minded environment where my feelings were considered. I received lots of support with my travel between Colombia and the UK, with updates from the Welcome Team saying where I needed to be after my flight. I was supported the entirety of my trip.

### Alvaro, Colombia

- International Foundation
- BSc (Hons) Mathematics with Finance

## Specialist support for international students

We're here to help you feel at home. INTO Exeter students say they're highly satisfied with the support they receive during their studies.

### You can expect:

- help opening a bank account and registering with a doctor
- transport from the airport (at an additional cost)
- Welcome Week to help you make friends and get to know Exeter
- 24/7 on-site staff support, including an out-of-hours emergency phone number
- additional support for students under 18.

# EXETER

## A MODERN CITY WITH A RICH HISTORY

Exeter is recognised for being the best place to live in the UK<sup>1</sup>, as well as one of the safest<sup>2</sup>. It's a lively, vibrant city set among Devon countryside.

Close to sandy beaches and beautiful national parks, this is a great base for outdoor adventurers. It's also an energetic hub of activity.

Experience the city's history as you explore its cobbled streets and Roman ruins. Or check out Exeter's many restaurants, retail stores and thriving arts scene for endless entertainment.

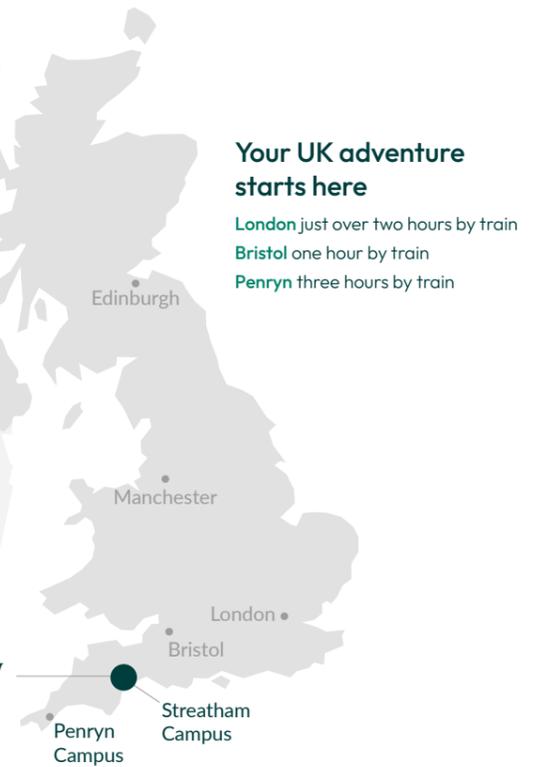

When you walk through Exeter, it has a mix of modern and classical. For me, the best part is the scenery. Almost everywhere you go, you'll see fresh green spaces. Compared to universities in big cities, Exeter is very calm and relaxing.

Enzo, Philippines  
CEO and Co-Founder at Oven Depot Ph  
International Year One  
BA (Hons) Management and Sustainability

University of Exeter

### A top student city

This inviting city has both ancient landmarks and modern amenities.

#### You'll discover:

- the Quayside – a tranquil waterside spot with restaurants serving local and international cuisine
- Princesshay – a modern shopping centre with more than 65 brands, including Apple, Levi's and Zara
- entertainment venues such as the Exeter Phoenix and the Exeter Corn Exchange, where you'll enjoy concerts, art displays, movies, comedy and theatre shows
- historical sites, like winding medieval alleyways and a magnificent 15th-century gothic cathedral.

### Exploring beyond Exeter

Experience a unique blend of city and rural living. The city is surrounded by natural beauty just waiting to be explored.

- Dartmoor – Devon's huge national park, known for its stunning scenery.
- Beautiful coastline and some of the UK's best beaches<sup>3</sup> just a short journey from both campuses, with the closest beach only 20 minutes away.
- Characterful local towns, including historic Totnes and picturesque Dartmouth.
- Cornwall – a region famous for its well-preserved castles and award-winning beaches.

### What our students say they love about Exeter

Beautiful campuses

Compact city with everything you need

Lots of clubs – there's something for everyone

Easy to travel around

## Choosing your course

Prepare for your university degree with our academic courses in a range of subject pathways, designed in partnership with the University of Exeter. This is what your study journey could look like.

### Academic courses

### English language courses

Improve your English level fast with tailored, personalised support.

#### Academic English

- An immersive course with small class sizes that will give you rapid progress of 0.5 to 1.0 IELTS point per term.
- More than language learning – develop the academic skills needed for successful UK study.
- Online and on-campus courses with flexible start dates from January to September. Study lengths vary from 1 to 4 terms.

For more information, visit:  
[intostudy.com/exeter/ae](https://intostudy.com/exeter/ae)

#### Pre-sessional English

- For University of Exeter offer holders. Improve your English language skills to the level required for your degree in a 6, 10 or 18-week course. Start dates range from April to July.

For more information, visit:  
[intostudy.com/exeter/pse](https://intostudy.com/exeter/pse)

## Ignite your global career

Your INTO pathway isn't just a route to a UK degree – you'll also develop key career skills, gain real-world experience and improve your employability before university. You can access a wide range of opportunities including employer workshops, career-specific assessments, CV writing and a guaranteed remote internship\*.

Scan the QR code to find out more

## Undergraduate degree with preparation programme (iCAS)

16 years and above.

\* Undergraduate Master's option also available.  
**I** Degree option with industrial experience also available. Industrial experience option may have additional requirements.  
**S** Degree option with study abroad also available  
**P** Degree programme is taught at the Penryn Campus only

 16 years and above.

 3-term: Sep or Jan

 3-term: IELTS 5.5 (with a minimum of 5.0 in all subskills) or equivalent.

 3-term: Sep

 3-term: IELTS 5.5 (with a minimum of 5.0 in all subskills) or equivalent.

 3-term: Sep

 3-term: IELTS 5.5 (with a minimum of 5.0 in all subskills) or equivalent.

 Age requirement  
 Start dates  
 English requirements

Improve your subject knowledge and English language skills to the level you need to begin Year 2 of an undergraduate degree at the University of Exeter.

## Accounting and Finance – IYOAF

Choose from 3 degrees.

Opportunity to progress to an undergraduate degree in accounting with finance or business at the University of Exeter's triple-accredited business school.

### What will I study?

You'll study all of these core modules:

English Language Skills for Undergraduate Studies (30 credits)	Management Concepts and Practice (15 credits)
Introduction to Financial Accounting (15 credits)	Principles of Economics (Macroeconomics) (15 credits)
Introduction to Management Accounting (15 credits)	Principles of Economics (Microeconomics) (15 credits)
Introduction to Statistics (15 credits)	

You'll need to earn 120 credits from all module options.

## Biosciences – IYOBB

Choose from 5+ degrees.

75% of modules are taught at the College of Life and Environmental Sciences alongside first year university students. Once you progress to your degree, you'll have the opportunity to experience fieldwork. Previous destinations have included coral reefs in the Bahamas and rainforests in Borneo.

### What will I study?

You'll study all of these core modules:

Academic English for Biosciences (30 credits)	Plus three of the following modules (depending on progression degree):
Fundamental Principles for Bioscientists (15 credits)	
Genetics (15 credits)	
Microbiology (15 credits)	
	Animals (15 credits)
	Biochemistry (15 credits)
	Cells (15 credits)
	Ecology (15 credits)
	Plants (15 credits)
	Structure and Reactivity of Organic Compounds (15 credits)

You'll need to earn 120 credits from all module options.

## Engineering – IYOEE

Choose from 10+ degrees.

Project and practical work are taught by the College of Engineering, Mathematics and Physical Sciences alongside first year university students, where you'll be able to make use of specialist engineering facilities and equipment.

### What will I study?

You'll study all of these core modules:

Core Engineering (15 credits)	Plus one of the following modules (depending on progression degree):
English Language and Study Skills for Engineering (30 credits)	
Engineering Mathematics and Scientific Computing (30 credits)	
Multi-Disciplinary Challenge Project (30 credits)	
	Fundamentals of Mechanics and Electronics (15 credits)
	Fundamentals of Mechanics and Materials (15 credits)

You'll need to earn 120 credits from all module options.

 16 years and above.

 3-term: Sep or Jan

 3-term: IELTS 5.5 (with a minimum of 5.0 in all subskills) or equivalent.

 3-term: Sep

 3-term: IELTS 5.5 (with a minimum of 5.0 in all subskills) or equivalent.

 Age requirement  
 Start dates  
 English requirements

Improve your subject knowledge and English language skills to the level you need to begin Year 2 of an undergraduate degree at the University of Exeter.

## Management and Business Economics – IYOMBE

Choose from 3 degrees.

Opportunity to progress to an undergraduate degree in a business, management or economics subject area at the University of Exeter's triple-accredited business school.

### What will I study?

You'll study all of these core modules:

Accounting for Management and Economics (15 credits)	Discovering Management (15 credits)
English Language Skills for Undergraduate Studies (30 credits)	Principles of Economics (Macroeconomics) (15 credits)
Fundamentals of Marketing (15 credits)	Principles of Economics (Microeconomics) (15 credits)
Introduction to Statistics (15 credits)	

You'll need to earn 120 credits from all module options.

## Mathematics with Business (Accounting, Economics, Finance or Management) – IYOMB

Choose from 4 degrees.

Choose from four sub-pathway options with tailored specialist modules, depending on your intended progression degree at the University of Exeter.

### What will I study?

You'll study all of these core modules:

English Language Skills for Undergraduate Studies (30 credits)	Or the following modules in the Mathematics with Economics sub-pathway: Economics 1 (15 credits) Economics 2 (15 credits)
Mathematical Methods (30 credits)	
Mathematical Structures (30 credits)	
Plus the following modules in the Mathematics with Accounting sub-pathway: Introduction to Financial Accounting (15 credits) Introduction to Management Accounting (15 credits)	Or the following modules in the Mathematics with Finance sub-pathway: Economics 1 (15 credits) Economics 2 (15 credits)
	Or the following modules in the Mathematics with Management sub-pathway: Management Concepts and Practice (15 credits) Fundamentals of Marketing (15 credits)

You'll need to earn 120 credits from all module options.

<sup>2</sup> Degree programme is taught at the Penryn Campus only

# Pre-Master's

16 years and above.

3-term: Sep or Jan  
4-term: Sep or Jun

3-term: IELTS 5.5 (with a minimum of 5.5 in all subskills) or equivalent.  
4-term (with Pre-sessional English): IELTS 5.0 (with at least one subskill at 5.5 and no subskill below 5.0) or equivalent.

Age requirement  
Start dates  
English requirements

Improve your subject knowledge and English language skills to the level you need to begin a postgraduate degree at the University of Exeter.

## Exeter International Pre-Master's – GRAD

Choose from  
36 degrees.

From business and education to data science and engineering, progress to a range of postgraduate degrees at the University of Exeter. A choice of specialist modules during this programme will enable you to tailor your pathway to your degree goals, while modules for academic English language, postgraduate research and study skills will get you degree-ready.

### What will I study?

You will need to earn 120 credits from the following modules:

Graduate Academic English (30 credits)  
Applied Research Skills (15 credits)  
Business in Society (15 credits)  
Global Issues (15 credits)

Plus three of the following modules (depending on progression degree):

Education Studies (15 credits)  
Entrepreneurship (15 credits)  
Financial Accounting and Reports (15 credits)  
Financial Management (15 credits)  
Fundamentals of Investments (15 credits)  
Introduction to Data Science and Programming (15 credits)  
Introduction to Quantitative Methods (15 credits)  
Management Concepts (15 credits)  
Research Project (15 credits)

You'll need to earn 120 credits from all module options.

During your Pre-Master's programme, we'll help you choose your University of Exeter degree. Just some of the degrees you could study include:

Degree	Specific requirements	English level	Academic grade
Accounting and Finance MSc	60% average between Financial Accounting and Reports and Financial Management.	65%	60%
Advanced Computer Science with Business MSc	55% in Introduction to Programming. Candidates are required to have a degree in a strongly numerate subject (e.g. computer science, mathematics or physics).	65%	60%
Applied Data Science and Statistics MSc	55% in Quantitative Methods. Evidence of study of mathematics at pre-undergraduate level.	65%	55%
Business Analytics MSc		70%	60%
Creativity: Innovation and Business Strategy MA	Applicants should have a degree that includes elements of creative subjects such as film, drama, business studies, media or communication.	65%	60%
Curation: Art and Business MA	Applicants should have a degree that includes elements of humanities or business.	65%	60%
