What our students say about us

Coming to this school was a big turning point in my life. I was warmly welcomed by teachers and friends. I could hardly speak English in the beginning, but the level-based classes helped me to steadily improve my English. Thanks to the fun classes, my motivation has increased and now I can speak English with confidence. There were also many opportunities in class where students introduced their own culture to each other, which allowed me to learn more than just English. They have taught me interesting and diverse values. I felt that my world was expanding through my studies at this school. I am grateful to this school for giving me the opportunity to meet wonderful teachers and friends.

Ms. Ayano Ichikawa - Japanese Student

I chose this school because of its location. The school is in the city center and you will have the opportunity to feel the soul of the beautiful city of Valletta. In addition to its location, lessons are in small but diverse groups. But most importantly, being here has helped me improve my English and motivated me to continue on my own at home. Staying here for 3 weeks and more will definitely help you raise your level.

Ms. Magdalena Čisárová - Slovak Student

Easy School stands out for its exceptional teaching staff, who are not only well-prepared but also genuinely committed to helping students succeed. The classes are dynamic and engaging, designed to maintain the student's interest during activities. The school's staff is equally impressive, always kind and attentive, making a real effort to understand and address any concerns you may have. The teachers employ a flexible methodology tailored to develop English skills effectively, adapting their approach to meet the specific needs of each student. Additionally, the school provides up-to-date materials, ensuring that you are learning about the latest trends and new English terms.
