# A HISTORY OF SUCCESS

Study at Exeter and you'll join a historic institution with a reputation for graduate employability. The university maintains strong relationships with global firms and is among the top 10 UK higher education institutions targeted by top employers<sup>1</sup>. That's because Exeter students achieve excellent results.

## Enhance your employability

Offering more than a dozen employability initiatives and expert ongoing support, the University of Exeter is the perfect place to kickstart your career.

### You'll benefit from:

- links to the Career Development Institute to enhance your career skills
- dedicated support for careers in education, sustainability and international industries
- close links with more than 9,000 active organisations and employers
- regular careers fairs targeting a wide range of sectors
- CV workshops and practice job interviews
- the Exeter Award – an extracurricular employability achievement award that can boost your employability prospects.

### Real-world experience

At Exeter, there are even more ways to gain experience and stand out to employers:

- work placements – practical experience, industry networking and a real salary, all before you've even graduated
- hands-on paid opportunities – work on projects for real clients, such as Hatless Studios, founded by Exeter graduates.

On the day that I got my job offer, I was super excited. All my hard work was worth it. When speaking to people who achieved what I wanted to achieve, that really accelerated my application. I was given the tips that they had learnt from their own experience that I wouldn't have known otherwise.

**Sara, Bahrain**

## Careers in Exeter

Exeter promises a bright future for graduates. The city boasts one of the fastest-growing economies in the UK<sup>3</sup>, with rapid expansion expected in digital technology, environmental science and advanced engineering.

Whatever your specialism, you'll find a wealth of local employment opportunities. Exeter is home to Pennon Group and the Met Office, as well as the Royal Devon NHS Trust.

## Exeter graduates have gone on to work for:

- AMAZON
- APPLE
- BMW
- DELOITTE
- GLAXOSMITHKLINE
- GOLDMAN SACHS
- JP MORGAN
- MICROSOFT
- MORGAN STANLEY
- PFIZER
- PWC
- UNILEVER

Hear Hugo's story

If you really want to work in the UK, you have to put in the effort from day one. My placement year was a turning point for me. I had exposure to what the job market and working world were really like. I've been dreaming of working in the UK for so long and now it's come true.

**Hugo, Hong Kong, China**  
**Business Development Manager at EDF Energy**

- International Foundation
- BA (Hons) Management and Marketing with Industrial Experience

My company, the first of its kind in the Kingdom of Saudi Arabia, teaches coding, data science and web development to girls. I worked as a software engineer previously, but my passion was to educate, and I strongly believe that we need more women in this sector.

**Deema, Saudi Arabia**  
**CEO and Co-Founder at CODE FOR GIRLS**

# WORLD-CLASS FACILITIES HANDS-ON LEARNING

Rewarding careers are built on knowledge, true passion and the desire to do better. The University of Exeter is committed to your future, with internationally recognised teaching and world-leading research. Join more than 30,000 students, including 7,000+ international students from 150 different countries, all of whom share the same goal – to succeed.

## Business

Learn how to lead, strategise and improve the world at the renowned University of Exeter Business School.

- UK Business School of the Year<sup>1</sup>.
- UK top 10 for Business, Management and Marketing<sup>2</sup> and Accounting and Finance<sup>5</sup>.
- Research expertise in environmental sustainability, responsible leadership and technological transformation.
- Industry work experience options on 100% of undergraduate progression degrees.

### Facilities include:

- more than 15 lecture theatres and teaching rooms spread across four buildings, including the Xfi Centre for Finance and Investment
- the Thomson Reuters Lab – a specialist IT centre for financial analysis
- the Exeter Centre for Leadership – a unique research facility that explores new approaches to responsible management
- the Collaboratory – a purpose-built area for business engagement
- dedicated study areas for MBA students.

**2nd**  
in the UK for Graduate Prospects  
in Accounting and Finance<sup>2</sup>

**Britain's best business school for employability**

Scan the QR code to find out why we're the UK Business School of the Year<sup>1</sup>.

### Triple accredited

'Triple crown' status is held by less than 1% of all business schools globally.

All University of Exeter International Study Centre students also have access to:

**The Forum** – home to useful facilities including a 24/7 three-floor library, a Student Services Centre, food outlets and learning spaces

**Sports Park** – outstanding sports facilities, including a swimming pool, golf centre, football pitches and courts at a university ranked 4th overall in the British Universities and Colleges Sport (BUCS) Points 2023/24

**multifaith chaplaincy** – a safe space for personal and group worship

**Northcott Theatre** – an on-campus venue where you can watch music and theatre productions

**The Bill Douglas Cinema Museum** – one of the biggest TV and film material collections in the UK

**societies** – nearly 300 clubs and societies covering a wide range of interests and hobbies.

## Engineering

Where science meets creativity. Develop critical thinking skills to help drive change and solve problems.

- UK top 10 for Mechanical Engineering and General Engineering<sup>3</sup>.
- 90% of graduates in employment or further study 15 months after graduating<sup>4</sup>.
- Flexible learning options – choose your specialism after your first year of degree study.
- Strong business focus, with entrepreneurship and management pathways available.
- Graduates have gone on to work for EDF Energy, Nestlé and the Ministry of Defence.

### Facilities include:

- £6.5 million investment in teaching labs, workshop spaces and equipment
- specialised laboratories including electronics, materials and thermodynamics
- offshore test sites for renewable energy research
- industrial equipment such as 3D printers, laser cutters and electron microscopes
- a recently refurbished building with new labs and collaboration spaces.

## Computer Science

Become skilled in the specification, design and implementation of computer systems, while gaining an understanding of the theory behind them.

- UK top 20 for Computer Science<sup>5</sup>.
- UK top 10 for Graduate Prospects in Computer Science<sup>5</sup>.
- Partners to the Alan Turing Institute – the UK's national institute for data science and AI.
- £50 million investment in the university's data science and AI research.
- Graduates have gone on to work for Amazon, IBM, Indico Data Solutions and Locus Software.

### Facilities include:

- mac suite with 27 high-spec iMacs
- Linux suite with 30 HP i7 desktop Windows machines, all installed with the latest Scientific Linux 7 OS
- 50 Raspberry Pis for learning how embedded computer systems work
- 50-seat lecture theatre with 3D visualisation widescreen.

# YOUR INTERNATIONAL STUDY CENTRE

Located opposite The Forum – a £48 million study and social space – the centre will be the base for your studies. This is where you'll attend classes, socialise with classmates and receive dedicated support from the Student Services team.

Experience university-style teaching in the centre's large lecture theatre, plus explore your chosen subject in specialist facilities such as science or computer labs.

## Specialist support for international students

We're here to help you feel at home. Our students say they're highly satisfied with the support they receive during their studies. You can expect:

- help opening a bank account and registering with a doctor
- transport from the airport (at an additional cost)
- Welcome Week to help you make friends and get to know Exeter
- 24/7 on-site staff support at Duryard, including an out-of-hours emergency phone number
- additional support for students under 18.

## Centre facilities

Depending on your pathway programme, you'll have access to:

- a 110-seat multi purpose lecture theatre where you'll experience university-style lectures
- a well-equipped science laboratory for hands-on learning
- two multimedia rooms with access to GeoGebra, Anaconda and online SolidWorks
- study spaces and a café to meet and socialise with classmates.

Centre staff are keen to support every student. It's a very open-minded environment where my feelings were considered. I received lots of support with my travel between Colombia and the UK, with updates from the Welcome Team saying where I needed to be after my flight. I was supported throughout my trip.

### Alvaro, Colombia

- BSc (Hons) Mathematics with Finance
- MSc Mathematics with Economics

## Streatham Campus

You'll be based on the University of Exeter's Streatham Campus during your pathway programme. Surrounded by beautiful parkland and home to cutting-edge facilities, this inspirational campus is the ideal environment to live and study in.

It's also a registered botanical garden, home to specialist plant collections. Explore the lakes and woodland trails within this 300-acre green wonderland for the ideal break between studies.

# 97%

student satisfaction with campus environment

(Annual Student Experience Survey 2024)

## Your home away from home in Exeter

Be part of student life from day one with our self-catered student residences, just a 15-minute walk from the centre. Choose from three comfortable room types:

### Standard Ensuite

Single bedroom with private bathroom and shared kitchen.

### Shared Studio

Two separate bedrooms with shared bathroom and kitchenette.

### Studio

Single bedroom with private bathroom and kitchenette.

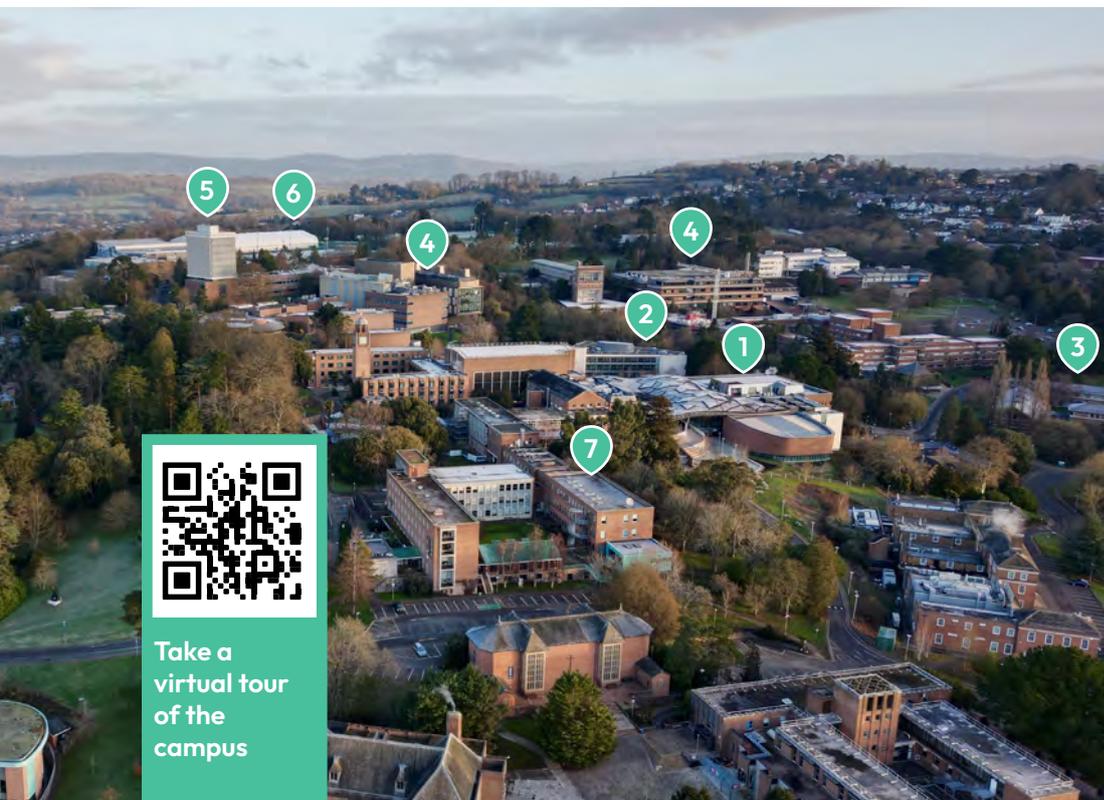

### All residents enjoy:

- safe, secure and furnished rooms
- laundry facilities
- 24-hour security and secure building access
- free Wi-Fi
- support from on-site centre staff.

Living at Duryard was the best decision ever. It felt like a close-knit family. I used to always run into people doing laundry or walking to the store nearby. It was nice to live in a community with everyone right next to you. It felt safe and secure.

# EXETER

## A MODERN CITY WITH A RICH HISTORY

A lively vibrant city set among Devon countryside, Exeter is the ultimate student destination. It offers a great quality of life while also being one of the safest places to live in England and Wales<sup>1</sup>.

Close to sandy beaches and beautiful national parks, this is a great base for outdoor adventurers. It's also an energetic hub of activity.

Experience the city's history as you explore its cobbled streets and Roman ruins. Or check out Exeter's many restaurants, retail stores and thriving arts scene for endless entertainment.

### A top student city

This inviting city has both ancient landmarks and modern amenities.

#### You'll discover:

- the Quayside – a tranquil waterside spot with restaurants serving local and international cuisine
- Princesshay – a modern shopping centre with more than 65 brands, including Apple, Levi's and Zara
- entertainment venues such as the Exeter Phoenix and the Exeter Corn Exchange, where you'll enjoy concerts, art displays, movies, comedy and theatre shows
- historical sites, including winding medieval alleyways and a magnificent 15th-century gothic cathedral.

### Exploring beyond Exeter

Experience a unique blend of city and rural living. The city is surrounded by natural beauty just waiting to be explored.

- Dartmoor – Devon's huge national park, known for its stunning scenery.
- Beautiful coastline and some of the UK's best beaches<sup>2</sup> just a short journey from both campuses, with the closest beach only 20 minutes away.
- Characterful local towns, including historic Totnes and picturesque Dartmouth.
- Cornwall – a region famous for its well-preserved castles and award-winning beaches.

### Why international students love Exeter

Beautiful campuses

Compact city with everything you need

Lots of clubs – there's something for everyone

Easy to travel around

Café in central Exeter

Falmouth, Cornwall

<sup>1</sup> Office for National Statistics Police Force Area data tables, April 2024

<sup>2</sup> The Times 50 best beaches in the UK for 2023

When you walk through Exeter, it has a mix of modern and classical. For me, the best part is the scenery. Almost everywhere you go, you'll see fresh green spaces. Compared to universities in big cities, Exeter is very calm and relaxing.

# CHOOSING YOUR COURSE

Prepare for your university degree with our academic courses in a range of subject pathways, designed in partnership with the University of Exeter. This is what your study journey could look like.

## Academic courses

\*Being academically pre-qualified for progression to your choice of university is essential. This programme cannot be used as an academic top-up.

## English language courses

Improve your English level fast with tailored, personalised support.

### Academic English

- An immersive course with small class sizes that will give you progress of 0.5 IELTS point per term.
- More than language learning – develop the academic skills needed for successful UK study.
- Flexible start dates from January to September. Study lengths vary from 1 to 4 terms.

### Pre-sessional English

- For University of Exeter offer holders only.
- Improve your English language skills to the level required for your degree.
- Online and on-campus courses available.
- Flexible start dates from April to October. Study lengths vary from 6 to 18 weeks.

# INTERNATIONAL FOUNDATION

Improve your subject knowledge and English language skills to the level you need to begin Year 1 of an undergraduate degree at the University of Exeter.

## Exeter International Foundation – FND

Choose from  
150+ degrees.

Progress to one of 150+ different degrees, ranging from subjects including accounting and management to biological sciences, engineering and humanities. An accelerated 2-term option is available to students with a higher level of English – or choose the 4-term option for extra English language support.

### What will I study?

You'll study these core compulsory modules:

Current Global Issues (30 credits)

Foundation Academic English (30 credits)

Plus two of the following allocated modules (there may be restrictions on your choice depending on progression degree):

Biology (30 credits)

Mathematics and Statistics (30 credits)

Economics and Finance (30 credits)

Media, Film and Literature (30 credits)

Fundamentals of Management and Marketing (30 credits)

Physics, Engineering and Applied Mathematics (30 credits)

Introduction to World Politics and International Relations (30 credits)

Psychology (30 credits)

Social and Environmental Sciences (30 credits)

You'll need to earn 120 credits from all module options.

## Modules for popular degrees

The tables below show the modules you'll study to prepare for your degree in some of the university's most popular subject areas. Modules 1 and 2 are compulsory, Modules 3 and 4 are specific to your intended degree.

### Business

For degrees including BSc (Hons) Accounting and Finance, BSc (Hons) Business, BSc (Hons) Business and Management and BSc (Hons) Business Economics.

MODULE 1	MODULE 2	MODULE 3	MODULE 4
Foundation Academic English	Current Global Issues	Mathematics and Statistics	Economics and Finance

### Computer science

For degrees including BSc (Hons) Computer Science and BSc (Hons) Data Science.

MODULE 1	MODULE 2	MODULE 3	MODULE 4
Foundation Academic English	Current Global Issues	Mathematics and Statistics	Physics, Engineering and Applied Mathematics

### Engineering

For degrees including BEng (Hons) Civil Engineering, BEng (Hons) Electrical and Electronic Engineering, and BEng (Hons) Mechanical Engineering.

MODULE 1	MODULE 2	MODULE 3	MODULE 4
Foundation Academic English	Current Global Issues	Mathematics and Statistics	Physics, Engineering and Applied Mathematics

### Law

For LLB (Hons) Law.

MODULE 1	MODULE 2	MODULE 3	MODULE 4
Foundation Academic English	Current Global Issues	World Politics and International Relations	Media, Film and Literature

Scan the QR code to find out more about the modules you'll need to progress to your chosen degree.

### Don't meet the English requirements?

# UNDERGRADUATE DEGREE WITH PREPARATION PROGRAMME (ICAS)

Complete your University of Exeter undergraduate degree and your preparation programme in a single study plan and on one visa with our iCAS – integrated Confirmation of Acceptance for Studies (CAS) – programmes.

Depending on your academic qualifications and English language level, you can combine your degree studies with an International Foundation or International Year One. Choose from degrees in computer science, data science and engineering-related subjects.

## Why choose an iCAS programme?

- One visa for the whole length of your study plan.
- Apply with a range of English language qualifications – not just IELTS.
- No visa requirement to return home between your pathway and degree.
- Work up to 20 hours per week in the UK.

To find out more about iCAS programme options, scan the QR code

## Undergraduate degree with International Foundation

Choose from 5+ degrees.

Develop your understanding of academic subjects related to your chosen degree as you improve your English language and study skills. You'll continue directly to Year 1 of your degree, provided you meet the academic requirements after the first year of your study plan.

If you do not meet the minimum entry requirements for this programme, you should apply for the Exeter International Foundation.

### What will I study in Year 1 of my study plan?

#### You'll study all of these core modules:

Current Global Issues (30 credits)  
Foundation Academic English (30 credits)  
Mathematics and Statistics (30 credits)

#### Plus one of the following:

Biology (30 credits)  
Physics, Engineering and Applied Mathematics (30 credits)  
Psychology (30 credits)

You'll need to earn 120 credits from all module options.

The table below provides information on the academic requirements you must meet after the first year of your study plan so you can continue to Year 1 of your degree.

DEGREE	SPECIFIC REQUIREMENTS	ENGLISH LEVEL	ACADEMIC GRADE
Civil Engineering BEng (Hons)	60% in Mathematics and Statistics and 60% in either Biology, Physics, Engineering and Applied Mathematics, or Psychology.	65%	63%
Computer Science BSc (Hons)	60% in Mathematics and Statistics.	65%	63%
Data Science BSc (Hons)	60% in Mathematics and Statistics.	65%	65%
Electrical and Electronic Engineering BEng (Hons)	60% in Mathematics and Statistics and 60% in either Biology, Physics, Engineering and Applied Mathematics, or Psychology.	65%	63%
Engineering and Management BEng (Hons)	60% in Mathematics and Statistics and 60% in either Biology, Physics, Engineering and Applied Mathematics, or Psychology.	65%	63%
Engineering BEng (Hons)	60% in Mathematics and Statistics and 60% in either Biology, Physics, Engineering and Applied Mathematics, or Psychology.	65%	63%
Mechanical Engineering BEng (Hons)	60% in Mathematics and Statistics and 60% in either Biology, Physics, Engineering and Applied Mathematics, or Psychology.	65%	63%

16 years and above.

# UNDERGRADUATE DEGREE WITH INTERNATIONAL YEAR ONE (ICAS)

## Engineering

Choose from  
**5 degrees.**

Develop your understanding of engineering at the Faculty of Environment, Science and Economy, as you improve your English language and study skills. You'll continue directly to Year 2 of your engineering degree, provided you meet the academic requirements after the first year of your study plan.

If you do not meet the minimum entry requirements for this programme, you should apply for an International Year One in Engineering.

### What will I study in Year 1 of my study plan?

#### You'll study all of these core modules:

Core Engineering (Mechanics, Materials and Electronics) (15 credits)  
Engineering Mathematics and Scientific Computing (30 credits)  
English Language and Study Skills for Engineering (30 credits)  
Multi-Disciplinary Challenge Project (30 credits)

#### Plus one of the following, depending on chosen degree:

Fundamentals of Mechanics and Electronics (15 credits)  
Fundamentals of Mechanics and Materials (15 credits)

You'll need to earn 120 credits from all module options.

The table below provides information on the academic requirements you must meet after the first year of your study plan so you can continue to Year 2 of your degree.

DEGREE	SPECIFIC REQUIREMENTS	ENGLISH LEVEL	ACADEMIC GRADE
Civil Engineering BEng (Hons)	Academic average to include Fundamentals of Mechanics and Materials module.	65%	50%
Electrical and Electronic Engineering BEng (Hons)	Academic average to include Fundamentals of Mechanics and Electronics module.	65%	50%
Engineering and Management BEng (Hons)	Academic average to include Fundamentals of Mechanics and Materials module.	65%	50%
Engineering BEng (Hons)		65%	50%
Mechanical Engineering BEng (Hons)	Academic average to include Fundamentals of Mechanics and Materials module.	65%	50%

### Don't meet the English requirements?

Choose from a standalone Academic English course or combine English with an academic study plan to improve your IELTS score fast.

The change from high school to university is drastic, but the International Year One helped me to adapt. I could ask questions more frequently in a smaller class and my English improved. My lecturers were supportive throughout university – I asked many questions by email or directly and they answered clearly.

# INTERNATIONAL YEAR ONE

Once you've successfully completed your International Year One programme, we'll help you choose your University of Exeter degree. The table below shows some of the degrees you could study and the academic requirements you must meet so you can begin Year 2 of your degree:

DEGREE	SPECIFIC REQUIREMENTS	ENGLISH LEVEL	ACADEMIC GRADE
<b>International Year One in Accounting and Finance</b>			
Accounting and Business BSc (Hons) <sup>1</sup>	Average of 55% across Introduction to Financial Accounting and Introduction to Management Accounting modules.	65%	55%
Accounting and Finance BSc (Hons) <sup>1</sup>	Average of 55% across Introduction to Financial Accounting and Introduction to Management Accounting modules.	65%	55%
Business Economics BSc (Hons) <sup>1</sup>	Average of 55% across Principles of Economics (Microeconomics) and Principles of Economics (Macroeconomics) modules.	65%	55%
<b>International Year One in Biosciences</b>			
Animal Behaviour BSc (Hons) <sup>P 1 S</sup>	Must achieve at least 40% in Fundamental Principles for Bioscientists module.	65%	50%
Biochemistry BSc (Hons) <sup>1 S</sup>	Must achieve at least 40% in Fundamental Principles for Bioscientist and in Structure and Reactivity of Organic Compounds modules.	65%	50%
Biological Sciences BSc (Hons) <sup>1 S</sup>	Must achieve at least 40% in Fundamental Principles for Bioscientists module.	65%	50%
Conservation Biology and Ecology BSc (Hons)	Must achieve at least 40% in Fundamental Principles for Bioscientists module.	65%	50%
Evolutionary Biology BSc (Hons)	Must achieve at least 40% in Fundamental Principles for Bioscientists module.	65%	50%
Zoology BSc (Hons) <sup>P 1 S</sup>	Must achieve at least 40% in Fundamental Principles for Bioscientists module.	65%	50%
<b>International Year One in Engineering</b>			
Civil Engineering BEng (Hons)/MEng <sup>1</sup>	A minimum of 40% in all academic modules.	65%	50%
Electronic Engineering BEng (Hons)/MEng <sup>1</sup>	A minimum of 40% in all academic modules.	65%	50%
Engineering BEng (Hons)/MEng		65%	50%
Engineering and Entrepreneurship BEng (Hons)	A minimum of 40% in all academic modules.	65%	50%
Engineering and Management BEng (Hons)/MEng <sup>1</sup>	A minimum of 40% in all academic modules.	65%	50%
Mechanical Engineering BEng (Hons)/MEng <sup>1</sup>	A minimum of 40% in all academic modules.	65%	50%
<b>International Year One in Management and Business Economics</b>			
Business Economics BSc (Hons)	Average of 55% across Principles of Microeconomics and Principles of Macroeconomics modules.	65%	55%
Business and Management BSc (Hons) <sup>1</sup>	Average of 55% across the Discovering Management and Fundamentals of Marketing modules.	65%	55%
Marketing and Management BSc (Hons) <sup>1</sup>	Average of 55% across the Discovering Management and Fundamentals of Marketing modules.	65%	55%
<b>International Year One in Mathematics with Business (Accounting, Economics, Finance or Management)</b>			
Mathematics with Accounting BSc (Hons)	A minimum of 40% in Mathematical Structures and Mathematical Methods modules.	65%	50%
Mathematics with Economics BSc (Hons)	A minimum of 40% in Mathematical Structures, Mathematical Methods, Economics 1 and Economics 2 modules.	65%	50%
Mathematics with Finance BSc (Hons)	A minimum of 40% in Mathematical Structures, Mathematical Methods, Economics 1 and Economics 2 modules.	65%	50%
Mathematics with Management BSc (Hons)	A minimum of 40% in Mathematical Structures and Mathematical Methods modules.	65%	50%
<b>International Year One in Psychology</b>			
Psychology BSc (Hons)	40% Introduction to Statistics, to include 40% in the January exam component of the module.	65%	50%

<sup>1</sup> Degree option with industrial experience also available. Industrial experience option may have additional requirements

<sup>S</sup> Degree option with study abroad also available

<sup>P</sup> Degree programme is taught at the Penryn Campus only

I enjoyed the freedom I had in selecting modules. Although I studied Accounting and Finance, I could choose to do management, languages or maths modules. This was really great as I learnt even more about what I'm interested in.

#### You'll study all these core modules:

Applied Research Skills (15 credits)

Graduate Academic English (15 credits)

Fundamentals of International Business (15 credits)

Introduction to Quantitative Methods (15 credits)

**You'll need to earn 60 credits from all module options.**

 18 years and above.

 15 months: May

 15 months: IELTS 6.0 or equivalent.

 Age requirement

 Start dates

 English requirements

The table below provides information on the academic requirements you must meet after the first term of your study plan so you can continue to your postgraduate degree.

DEGREE	SPECIFIC REQUIREMENTS	ENGLISH LEVEL	ACADEMIC GRADE
Business Analytics MSc		65%	57%
Digital Marketing MSc		65%	55%
Entrepreneurship and Innovation Management MSc	A personal statement explaining the reasons for choosing this postgraduate degree.	65%	55%
Human Resource Management MSc		65%	50%
International Business MSc		65%	50%
International Human Resource Management MSc		65%	50%
Management MSc		65%	57%
Marketing MSc		65%	55%
Money, Banking and Finance MSc	At least 50% in Introduction to Quantitative Methods module.	65%	50%

\*Being academically pre-qualified for progression to your choice of university is essential. This programme cannot be used as an academic top-up.

The teachers' tailored approach and ability to answer all questions helped a lot during my year at the centre. The teachers are very friendly and interested in engaging students to study effectively as well as open up personally within a group.
