“I chose to do a year-long placement programme between Year 2 and 3 of my degree. It helped me get a summer internship at BlackRock, the world’s largest asset manager, after which I secured a graduate role.”

Sabina, Kyrgyzstan

Private Credit Associate at BlackRock

- International Foundation
- BSc (Hons) Banking and International Finance

“It was my childhood dream to study in London and become a lawyer. My goal was to get a training contract before graduation, and I did. All this hard work, studying and preparation paid off.”

Kseniia, Russia

Associate at Ashurst LLP

- International Foundation
- LLB (Hons) Law

“I’m currently working in the direct trading team in the oil swaps market for a leading market maker in London. London is the centre of financial markets and it’s got one of the best education systems – so straight away I decided if I wanted to study abroad, it would definitely be in the UK, in London and at City. And I did that.”

Maggie, China Mainland

Oil Swaps Direct Trader at Onyx Commodities

- International Foundation
- BSc (Hons) Economics

Enhancing your employability

Best graduate salaries in the UK

Bayes Business School graduates earn more on average after 5 years than those from any other UK university* – including Oxford and Cambridge.

Get ready for career success with our extensive employability programme. From day one, we'll help you develop the real-world skills employers want – with endless opportunities to build your professional network.

* Adzuna 2023

At City St George's International Study Centre

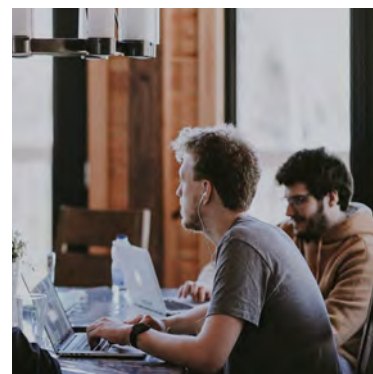

Your pathway isn't just a route to a City St George's, University of London degree – you'll also develop key career skills, gain real-world experience and improve your employability before university:

- **Get Work Ready programme** – develop employability skills such as teamwork, communication, finding the right job and understanding the job market while you study.
- **Career workshops** – attend expert-led workshops such as talks from employers and entrepreneurial challenges.
- **Real-world assessments** – complete assessment tasks related to your degree subject and future career.
- **Networking** – join our online community to find out about employability events and connect with other students in your field.
- **Student Ambassador scheme** – gain experience by representing the study centre in the community, sharing your story and assisting the marketing team.

At City St George's, University of London

Unlock your potential at City St George's, University of London. While you study your degree, you'll have access to a wide range of career-enhancing services and opportunities:

- **Academics with real-world industry experience** – learn from professionals in your chosen field.
- **Links with local, national and international companies.**
- **Employability modules embedded in course content.**
- **Award-winning professional mentoring programme** – a six-month scheme to help eligible students become highly employable graduates.
- **Professional Pathway Scheme** – a mode of study that allows Computer Science students to gain up to two years of work experience before graduation.
- **Entrepreneurship funding from CityVentures and the City Launch Lab.**

“The employability module at the centre was incredibly helpful! It gave me a solid understanding of what to anticipate when applying for jobs and internships. Plus, it taught me the secrets to crafting a standout CV.

Thanks to this module, I got a part-time job as a tennis coach assistant and I'm planning to apply for internships that align with my passion for technology.”

Shynggys, Kazakhstan

- International Foundation Computing, Science and Engineering
- BSc (Hons) Computer Science with Games Technology

Career activation

City St George's is one of the first UK universities to make career development and professional experience mandatory for undergraduate students. The initiative includes:

- **Career activation programme** – develop the skills you need to stand out in the competitive job application process.
- **One-year paid placements on most undergraduate degrees** – previous students have worked at Goldman Sachs, Deloitte, Warner Bros and PriceWaterhouseCoopers.
- **4-week micro-placements** – credit-bearing placement modules available for some undergraduate subjects.

After graduation

Step into the world of work with confidence. City St George's, University of London offers you expert support as you find a graduate job, including:

- **CV, job application and assessment centre practice** – learn essential skills for the job-hunting process.
- **City CareersHub** – a job search platform for City students and recent graduates with 5,000+ registered employers.
