CENTENNIAL
COLLEGE

LAND ACKNOWLEDGEMENT

Centennial College is proud to be part of a rich history of education in this province and in this city. We acknowledge that we are on the treaty lands and territory of the Mississaugas of the Credit First Nation. We pay tribute to their legacy, and the legacy of all First Peoples of Canada, as we strengthen ties with the communities we serve and build the future through learning and through our graduates.

Today, the traditional meeting place of Toronto is still home to many Indigenous Peoples from across Turtle Island. We are grateful to have the opportunity to work in the communities that have grown in the treaty lands of the Mississaugas. We acknowledge that we are all treaty people and accept our responsibility to honour all our relations.

Off-campus: places4students.com

Expand your horizons with Centennial's global learning opportunities

At Centennial, we believe education goes beyond borders. That's why we offer several international opportunities designed to give you an edge in the competitive job market.

WORK ABROAD

Gain hands-on experience in your field with a placement or co-op abroad, earning valuable credit for your program.

RESEARCH ABROAD

Dive into cutting-edge research projects while exploring new technologies around the world.

STUDY ABROAD

Immerse yourself in a new culture and language while earning credits and experiencing life from a fresh perspective.

VOLUNTEER ABROAD

Combine travel, adventure, and social reform in diverse global settings through our Signature Learning Experiences.

Take the leap and make your mark on the world. Discover more at centennialcollege.ca/learning-abroad

GET READY TO BELONG

A full suite of supports and services in accessibility, learning, career growth, leadership, and community engagement ensures your success throughout your college journey.

GET EMPOWERED WITH ACCESSIBILITY

The Centre for Accessible Learning and Counselling Services empowers you to achieve your wellness goals and assists with disability-related needs. Our team offers psychotherapy, accommodation planning, health and wellness education, group counselling, workshops, adaptive technology, and peer support.

DEEPEN YOUR LEARNING EXPERIENCE

Libraries and Learning Centres facilitate traditional borrowing, tech lending, multimedia resources, research help, tutoring, and learning strategy services to meet your diverse educational needs.

BEGIN AN UPWARD CAREER TRAJECTORY

Career Services and Co-op Education provides advising, counselling, events, and online resources to equip you for meaningful employment from your first semester to beyond graduation.

YOUR VOICE, YOUR COLLEGE

The Centennial College Student Association Inc. (CCSAI) is dedicated to supporting and motivating you through a range of services, including student assistance programs, health and dental plans, social events, legal services, and more.

CONNECT THROUGH CLUBS

CCSAI's Student Clubs coordinate diverse hobby and interest groups, fostering new friendships, learning, and inclusivity. Explore a range of clubs, from academic and career-focused to charitable and cultural, or launch your own!

SWEAT, TRAIN, THRIVE

Get your heart pumping at Centennial's Athletic and Wellness Centres. Take advantage of gym facilities, personal training, open recreation, fitness classes, and field trips, or play for the Centennial Colts on a competitive varsity team.

LEAD WITH CONFIDENCE

The Centennial Leadership Academy delivers resources, programs, and workshops to develop your leadership capacity, cultivating personal growth, career readiness, and active global citizenship.

START OFF STRONG

As a new student, the headSTART program helps you prepare for your first week at Centennial, ensuring a smooth transition. An online portal, weekly newsletters, and webinars incorporate personal, academic, and professional guidance.

MEET A CENTENNIAL STUDENT

Avishikta Ghosh

Graduate
Aerospace Manufacturing
Engineering Technology

AVISHIKTA'S EXPERIENCES

Why did you decide to come to Centennial to upgrade your skills?

“I have a bachelor’s degree in electrical engineering and worked for Bombardier Aerospace and De Havilland. In 2020, I got laid off due to COVID. I searched for jobs but was unable to find something I wanted to do. So, I decided to upgrade in the aerospace field. I came across this program, which suited my profile and my career path, so I joined.”

What was your favourite part of Aerospace Manufacturing Engineering?

“There are many things this program teaches which are industry-related, like CNC, masterCam, Catia software, Solidworks, Ansys, and Matlab. Catia is of immense help when it comes to the aerospace industry. My favourite part would be learning Catia and other software.”

What has been your career path since you graduated?

“I joined De Havilland as a methods engineer [just weeks after my classes ended]. I’m also planning to join the Reserve Force of the Canadian Armed Forces as an aerospace engineering officer.”

How did the program prepare you for the industry?

“The program is based on industry-specific requirements, which helps one to shine during an interview. It also prepares you for the job you are applying for.”

What do you think students applying to Aerospace Manufacturing Engineering should know?

“To anyone joining this program, I will recommend you try to learn as much as you can. The professors are really knowledgeable and will guide you. Some of them work in good positions in the industry and will be able to recommend you.”

GET READY TO INVEST IN YOUR FUTURE

CONSIDER THIS

EDUCATIONAL EXPENSES	ANNUAL COST
Tuition and Fees:	\$3,870
Books and Equipment:	\$2,506
TOTAL:	\$6,376*

*Costs based on average tuition for two semesters in the 2024/2025 academic year for a program at Centennial (not including applied degree, post diploma, or BScN programs). Estimates do not include personal expenses, such as meals, entertainment, transportation, parking, child care, etc.

ONTARIO STUDENT ASSISTANCE PROGRAM (OSAP)

This financial aid program offers funding through grants (money you don't have to pay back) and student loans (money you need to repay once you finish school).

ontario.ca/osap

SCHOLARSHIPS AND BURSARIES (FREE MONEY!)

Each year, Centennial provides over \$6 million in scholarships and bursaries that are funded, in part, by local employers, organizations, and private donors.

STUDENT ACCESS GUARANTEE (MORE FREE MONEY!)

Centennial partners with the government to provide additional financial support if you have been assessed for OSAP and your tuition and book costs exceed OSAP's allowable maximums.

Learn more about financing your education at centennialcollege.ca/financial-aid

Student Financial Services staff will guide you through finding financial assistance.

FIND YOUR COMMUNITY

MEET A CENTENNIAL STUDENT

Wilfredo Jr. Dela Cruz

Graduate
Construction Project
Management

WILFREDO'S EXPERIENCES

What did you do before Centennial?

“Before I came here, I did a degree in electrical engineering in the Philippines. Afterwards, I started to work as a design engineer involved in oil and gas plant projects. Then after a few years, I decided to try my hand in the residential construction industry as a site coordinator.”

Why did you decide to go back to school?

“To further advance my career in more of a project manager role, I decided to take this program. The curriculum, I noticed, takes on hard skills and construction concepts that I did not have any formal training in.”

What kind of skills did you gain?

“I upgraded my soft skills through courses like Project Leadership, which is very important if you're in the construction business, and Development and Construction Economics, so I got the financial side of it. There are also courses like HR Management and Risk Management, which to be honest, I had no idea about before. On the other hand, topics such as quantity surveying, procurement management, construction scheduling, and sustainable practices reformed the concepts that I knew through work experience.”

Why was group work important?

“During the program, I always aimed to work with different sets of people on every project or coursework that we had. I think the sharing of ideas with people from various cultural backgrounds gave me new perspectives on how to tackle a problem.”

What was the biggest benefit of the program?

“It is an investment for me that will open possibilities for professional development in this field that will benefit both my short- and long-term professional goals. Whatever experience level you have, this program will prepare you.”

SCHOOL OF ENGLISH AND LIBERAL STUDIES

Unlock your potential with the School of English and Liberal Studies.

Today's fast-paced world requires confidence and essential skills. Explore full-time programming, language training, and academic upgrading designed to fit your needs. Get ready to thrive. Your road to advancement begins here.

Work towards academic or career goals with tuition-free programs

Benefit from tailored learning plans, flexible schedules, and comprehensive support that take the guesswork out of earning a recognized high school diploma.

Enhance your aptitude to boost your future

Gain must-have comprehension for success in higher education and the workforce. Join our Career and College Transition program for courses in English, math, career planning, and digital fluency.

Embrace the possibilities with ACE

Acquire fundamental competencies that will prepare you for college or a career with our tuition-free Academic and Career Entrance (ACE) program. Study English, math, and more to earn certificates all Ontario colleges recognize.

SCHOOL OF COMMUNICATIONS, MEDIA, ARTS AND DESIGN

A photograph showing three students in a control room or studio. They are wearing headsets and looking at multiple computer monitors displaying various software interfaces. The room is dimly lit with blue and yellow ambient lighting.

Combine your personal style with the power of modern storytelling for today's multifaceted creative industries.

The ever-evolving communications, media, arts, and design sectors are filled with possibilities. Get ready by immersing yourself in a collaborative and inspirational environment, where you will harness your talent through interactive learning and artistic freedom.

First-of-its-kind offering in Canada

A fusion of public relations and business studies, the Honours Bachelor of Public Relations Management program propels you into a dynamic career in PR, social media, and corporate communications. Engage in hands-on projects and real-world scenarios, bridging theory with practical application for a well-rounded education.

What story will you tell?

Collaborate with real clients in STORYWORKS, a unique course open to students across many Communications, Media, Arts and Design programs. The bite-sized industry experience offers real-life context, portfolio content, and practical application.

Learn in a vibrant, creative setting

Surround yourself with creativity at our Story Arts Centre and Performing Arts Centre. Cutting-edge facilities nurture talent across an array of media, design, communications, and visual and performing arts programs.

From the classroom to the CBC

Khalilah Brooks, a Children's Media graduate, earned six award nominations for Aunty B's House on CBC Kids. Inspired by Khalilah's experiences, the show brings foster care stories to life.

Centennial Journalism grad turned award-winning musician

Signed with Ishkōdé Records, Aysanabee's soulful album Here and Now won Alternative Album of the Year at the JUNO Awards.

A one-of-a-kind in Canada

The experiential Product Design and Development program teaches you to create high-tech, eco-friendly products from concept to production. It blends design and engineering expertise for an innovative career.

Dream of running your own restaurant?

With the industry-specific leadership skill set you gain in Food and Beverage Management, you will be ready to lead in managerial positions or as a food entrepreneur. Experienced faculty members guide you through immersive training in settings that mirror the real world, with the added bonus of graduating with industry certifications.

SCHOOL OF TRANSPORTATION

Technological advancements are driving the transportation field. Take your career from zero to 100 with industry-renowned training.

Centennial is home to Canada's largest transportation training facility and a dedicated aviation campus. Real-life equipment and vehicles augment theory for the practical know-how to specialize in the aerospace and aviation, automotive, motorcycle, heavy-duty, or truck and coach sectors.

Take to the skies

Transform from novice to professional pilot with the Canadian Integrated Airline Transport Pilot Licence program. Based in Oshawa, the partnership with Canadian Flight Academy offers intensive training and a Transport Canada-approved curriculum. Prepare for Private, Commercial, and Airline Transport Pilot licences. No experience is needed.

Earn while you learn with Modified Apprenticeships

Alternate between in-class lessons and on-the-job experience with recognized employers like Canadian Tire, Ford, and the Toronto Transit Commission. Apprenticeships are designed to teach you the most relevant skills for the evolving transportation industry.

Train with a leader in aircraft and avionics maintenance

For more than 40 years, we have put students on the runway to achievement. At Downsview campus, you will encounter some of the biggest names and latest technologies in aerospace and aviation. Between industry experts leading labs and support from giants like Bombardier, you will be ready for takeoff.

Drive your future in truck and heavy equipment

Get your hands dirty – literally – with our truck and coach and heavy-duty equipment programs. While you master under-the-hood mechanics and advanced electrical systems, you will earn as you learn with on-the-job training in top-notch facilities.

General admission requirements

ENGLISH LANGUAGE PROFICIENCY

All instruction at Centennial is in English. Applicants must demonstrate an acceptable level of English-language proficiency to be considered for admission. See more details at centennialcollege.ca/english-proficiency

CO-OP EDUCATION ADMISSIONS

To participate in co-op, register in a full-time co-op-eligible program. Learn more about requirements and the application process at centennialcollege.ca/applying-to-co-op

TECHNOLOGY REQUIREMENTS

Many programs use flexible teaching models, including online, in-person, or a combination of these, and may require you to access a computing device that meets minimum hardware requirements. Please check the program page on our website for complete specifications.

WAITING LISTS

A program waiting list is created when the number of eligible applicants exceeds the number of available spots in a program. If additional space becomes available, additional offers are sent to the next highest qualified applicants on the waiting list based on an average of the required subjects.

COMPETITIVE PROGRAMS

For some programs, Centennial receives more qualified applicants than available seats. Minimum admission requirements do not guarantee a seat in these programs, which often have additional selection requirements. If you are applying to a highly competitive program, you must submit your application before Feb. 1 to be equally considered among all other applicants. Learn more at centennialcollege.ca/offers-of-admission

ADMISSION DECISION REVIEW PROCEDURES

An applicant may submit an appeal to the Registrar for an explanation and review of a non-acceptance decision. The appeal must be made within 30 business days of the date of the College's written decision. Find full details at centennialcollege.ca/admission-review

How to read program information charts

Explore the charts on pages 25 to 64 to find the program that's right for you. Discover the campus, intake semester, program requirements, and more. Be mindful of the below icons. They indicate the various opportunities available in certain programs.

- **Capstone** – A final-year project that encompasses theoretical and practical knowledge you attained throughout your studies. It showcases your expertise and ability to apply what you learned.
- **Optional Co-op** – Provides the opportunity to earn while you learn, combining academic studies and practical work experience through employment with a participating organization.
- 🕒 **Fast-track** – Applicable if you are seeking shorter, relevant programs that complement your previous education and experience.
- ▲ **Global Learning Experience** – Connecting students and staff to global perspectives, people, and places, these programs often involve travelling abroad. They vary on duration, destination, and academic focus to support professional and personal growth.
- ★ **Internships and Placements** – Integrated into the course curriculum, these experiences are required for academic credit and graduation. Academic schools coordinate these opportunities, which are mandatory for many programs.
- ◆ **Other** – Other activities may include industry partnership projects, interdisciplinary activities, applied research, entrepreneurship ventures, and more. For more details specific to your program, please reach out to the email listed on the program's web page.

Disclaimer

Business Analytics and Insights

PAOLA'S EXPERIENCES

What did you do before Centennial?

"I am a business administrator with an emphasis in marketing and international business, and I have been working since I was 15 ... Late in 2019, I returned to Colombia, and I've been doing all my business with China online."

Why did you decide to go back to school?

"I realized there were [business processes] that required academic skills sets that I was missing."

What did Centennial offer you?

"An important factor in deciding which program and school was best to continue my education was the practical approach in the program. Considering that I already had years of experience in my field, the applicability of each course was fundamental."

How was practical experience included in our program?

"All subjects that involved coding were always done with the computer, following the professor's instructions. We always got cases for practicing new concepts in real life."

What did you like best about the Business Analytics and Insights program?

"It gave us an approach to the Canadian economy and how to do business here, as well as a way to improve our resumé, which was helpful to me."

Why is that important?

"Data is what is driving all companies now. There are incredible opportunities in the market to apply business analytics. Any company needs to understand its data for better decision-making."

PROGRAMS

PROGRAM DETAILS	CREDENTIAL	ADMISSION REQUIREMENTS	CAMPUS	INTAKE
Community and Child Studies Foundations centennialcollege.ca/1232 The official Ministry name for this program is Community Services and Child Studies Foundations. Graduates of this program receive an Ontario College Certificate in Community Services and Child Studies Foundations. Thedyfred Michael Billones

Graduate
Hotel Operations Management

THE DYFRED'S EXPERIENCES

What interested you in hotel operations management?

“What inspired me to go into this field is my drive and passion towards customer service. It has always been my cup of tea, and hospitality allows you to work in a multifaceted environment.”

What's an important aspect of picking the right college?

“The one thing that I want people to know is that when choosing the institution that you want, always remember that they should be supportive of you. They should also be encouraging you to better yourself, to be the best version of yourself.”

Why did you choose Centennial?

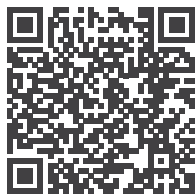

“Diversity in every way is a crucial part of the learning process for most of the students. I believe that Centennial College produces great graduates and fully-equipped individuals who are globally competitive in the environment that they are in.”

What practical learning did you experience in your program?

“Centennial College gave me practical opportunities, together with my professors, through experiences within the college. They also give you proper exposure in extracurricular activities as well as conferences and volunteer work.”

How did Centennial set you up for success?

“I break it down for you through the word SET. S stands for Standards. The standards of the institution are very high. That allows the students to be prepared as soon as they graduate. E stands for Exposure. The exposure and experience that they give you will have a benefit after you graduate, in your future endeavours. And T? T stands for thrive. As you thrive, the college will always support you to become better and support you in the field that you want to pursue after you graduate.”

PROGRAMS

PROGRAM DETAILS	CREDENTIAL	ADMISSION REQUIREMENTS	CAMPUS	INTAKE
Bachelor of Science in Nursing (BScN) Degree – Collaborative with Toronto Metropolitan University centennialcollege.ca/9260	Bachelor Degree (4 years/8 semesters)	<p>OSSD with six Grade 12 U/M courses including Grade 12 English (U); Biology (SBI4U); Chemistry (SCH4U); and Grade 11 Mathematics (U or M) or Grade 12 Mathematics (U) (one of: Functions and Applications (MCF3M), Functions and Relations (MCR3U), Advanced Functions (MHF4U), Calculus and Vectors (MCV4U), Mathematics of Data Management (MDM4U)). For details of requirements, visit torontomu.ca/admissions/undergraduate/requirements/englishlanguage</p> <p>Notes: 1. ENG4U/EAE4U is the preferred English. 2. The grade(s) required in the subject prerequisite (normally in the 70-75 per cent range) will be determined subject to competition. 3. Applicants applying as Mature Students must have Grade 12 (U) courses (or equivalent) in English, Biology, and Chemistry; and Grade 11 (U or M) or higher in Mathematics. The grade(s) required in the subject prerequisites (normally in the 70-75 per cent range or higher) will be determined subject to competition. 4. Applicants who have been absent from full-time formal education for a period of 10 years or longer may be required to repeat prerequisite subjects to ensure currency of knowledge and preparedness for the program. 5. Applicants with prior university or college study must present a minimum CGPA of 2.33 (C+) and be considered "In Good Standing" with no failures in core prerequisite subjects in order to be considered. Higher CGPAs/averages may be required subject to competition. 6. Only applications to the first year of the Nursing program will be considered, and consideration is limited to applicants without prior post-secondary studies in nursing. Advanced standing for students with prior Nursing studies cannot be considered. In addition, RPN diploma holders ineligible for Bridging-to-University programs and applicants who have completed a nursing degree will not be considered for admission. 7. Subject to competition, candidates may be required to present averages/grades above the minimum. 8. This is a Collaborative program that follows Toronto Metropolitan University's Admissions Policy on the collection of documents. Visit the program page on our website for details. 9. Additional requirements apply to participate in practice placement. Visit the program page on our website for details.</p>	MOR	Fall

GET READY TO BE HANDS-ON

Learn by doing with our traditional apprenticeship programs, which combine on-the-job training and related in-class studies. Apprenticeships certify you as a skilled professional in various industries.

COMMUNITY AND HEALTH STUDIES

Child and Youth Worker

ENGINEERING TECHNOLOGY AND APPLIED SCIENCE

Electrician, Construction Maintenance

Refrigeration and Air Conditioning Systems Mechanic

TRANSPORTATION

Alignment and Brakes Technician

Auto Body and Collision Damage Repairer

Autobody Repairer

Automotive Service Technician – Apprenticeship Training

Heavy Duty Equipment Technician

Motorcycle Technician

Parts Technician

Power-Lift Truck Technician

Railway Car Technician

Transmission Technician

Truck and Coach Technician

Truck-Trailer Service Technician

A NOTE ON APPRENTICESHIPS:

You cannot apply directly to Centennial for admission to a traditional apprenticeship. You must first be currently employed as an apprentice. For more information on traditional apprenticeships, visit centennialcollege.ca/traditional-apprenticeships

HOW TO APPLY

STEP 1

CHOOSE A PROGRAM

Select up to three Centennial programs that match your interests and career goals. Find admission requirements on the program pages of our website.

STEP 2

COMPLETE YOUR APPLICATION

Visit OntarioColleges.ca (OCAS) and apply; there is a non-refundable \$125 application processing fee.

- **International students:** Please refer to the application instructions under **International Education** on our website.
- **Better Jobs Ontario program applicants:** Contact the Employment Training Centre at 416-289-5123, or by email at employmenttraining@centennialcollege.ca
- **Previous Centennial College students:** Apply as an in-house applicant. Complete the “full-time day school” application and submit.

STEP 3

SEND US YOUR TRANSCRIPTS

- **Ontario high school students/ graduates:** Request a transcript while completing your Ontario Colleges application. If your high school is not on this list, contact your guidance office.
- **Former Ontario high school students and Ontario public college or university students/ graduates:** Use the transcript request page in your OCAS application.
- **College or university graduates and graduates from Canadian high schools outside of Ontario:** Visit OCAS for further instructions.
- **Graduates from a school outside of Canada:** Submit transcripts and documents yourself. Transcripts must be assessed by World Education Services (WES) or International Credential Assessment Service (ICAS). Visit our website for complete details.

Note: Many of our programs allow students to take a skills assessment to satisfy admission requirements. Refer to the specific program pages on our website for more information.

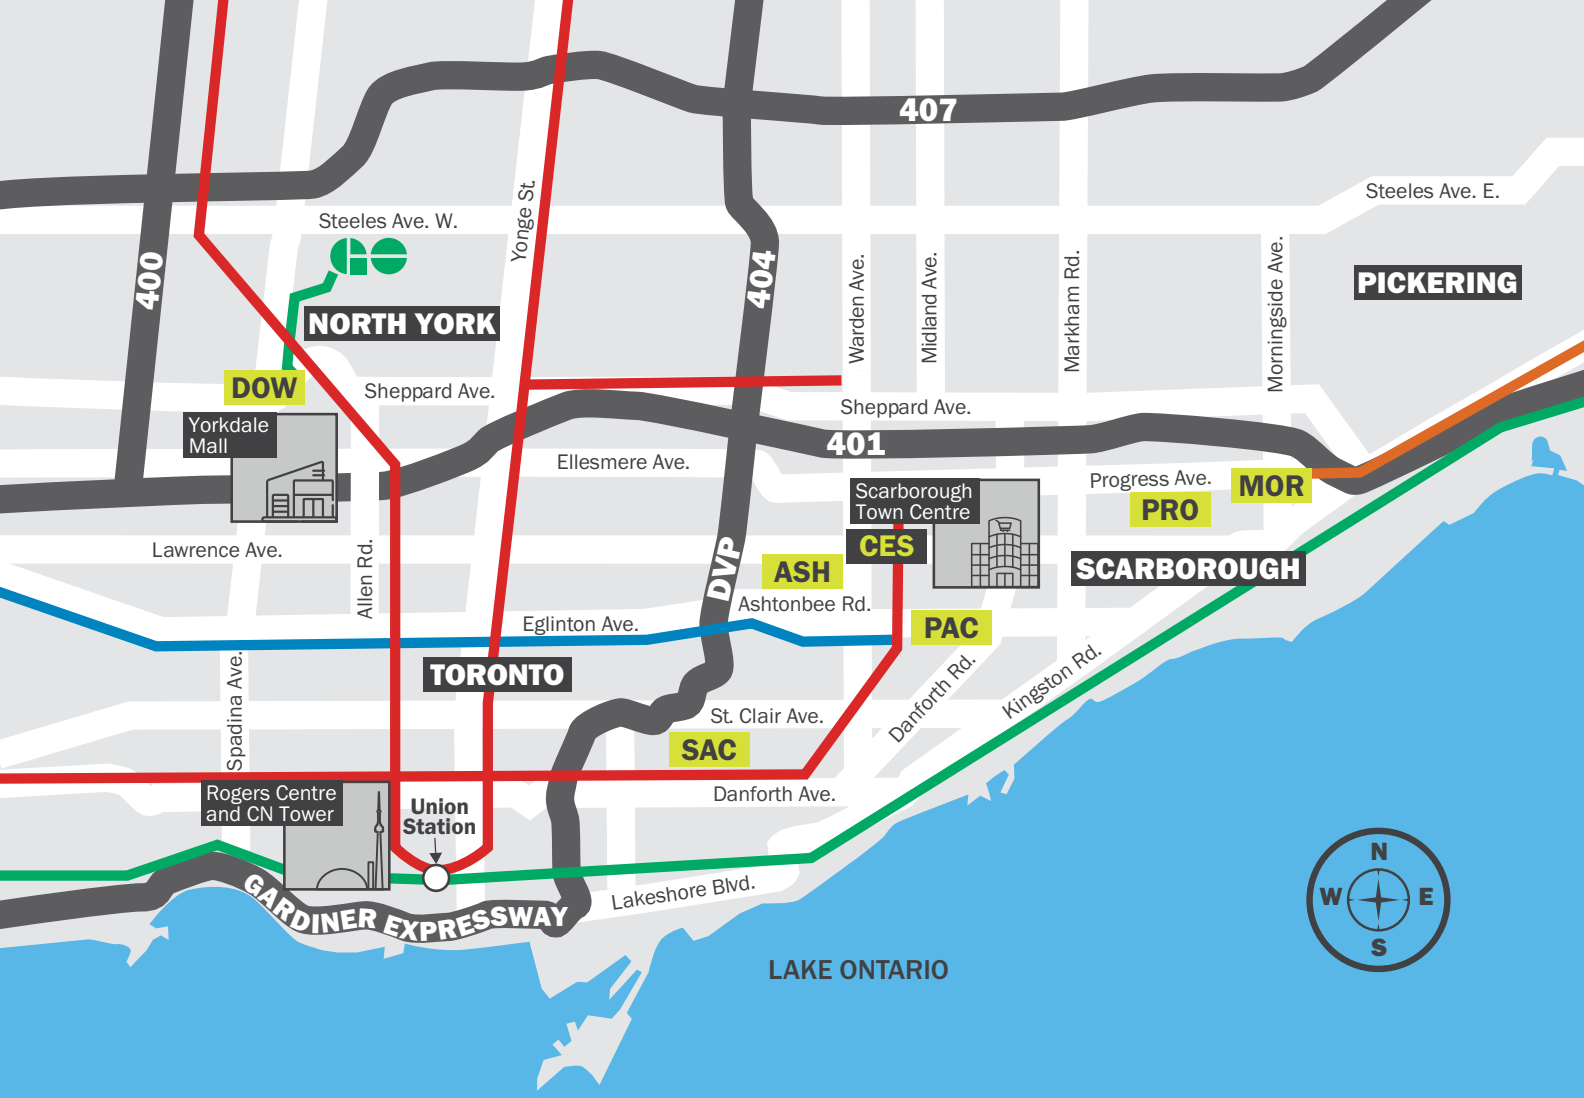

STEP 4

WAIT FOR YOUR OFFER OF ADMISSION

Once your application meets all admission requirements, we will send you an offer of admission. Accept your offer by following the instructions in the letter.

Follow these steps to get into your program at Centennial.
For full application details, visit centennialcollege.ca/admissions
