## THE JEFFERSON DIFFERENCE

We are leaders in transdisciplinary and experiential education, with a strong focus on research and discovery. Delivering exceptional value to 21st century students, our standout programs include architecture, business, design, engineering, fashion and textiles, health, science and social science.

## NEXUS LEARNING FOR NEXT-LEVEL CAREERS

Nexus Learning is the right blend of theory and hands-on learning. It is our signature approach that makes Jefferson a transformative force in higher education.

- Develop critical skills employers seek for tomorrow's workplace.
- Join forces with students, faculty and industry. Capitalize on their respective talents and gain real-life experience.
- Gain a competitive advantage in a rapidly changing world through our signature approach.

## THE FUTURE WORKFORCE STARTS IN PHILADELPHIA

- As the second largest city on the East Coast, Philadelphia has the eighth largest workforce in the US.
- Live in a major US fashion hub while saving nearly 25% on living costs compared to New York. *Numbeo 2025*

Turner Construction Company  
URBN (Anthropologie, Free People, Urban Outfitters)

# PROGRAMS DESIGNED FOR TOMORROW

## JEFFERSON FASHION DESIGN

Thomas Jefferson University's Fashion Design program prepares you to lead in the global fashion industry through hands-on studio work and real-world collaboration. Showcase your work at Philadelphia Fashion Week and visit the historic Fabric Row with top-tier resources.

Jefferson offers an immersive education and nearly 25% lower living costs than New York, giving you the tools and environment to launch a successful career in fashion.

Employment of fashion designers is projected to grow 5% from 2023 to 2033.

## KANBAR COLLEGE OF DESIGN, ENGINEERING AND COMMERCE

By bringing together design, engineering and business disciplines, Kanbar College combines the creative artistry of a designer, the problem-solving know-how of an engineer and the project management skills of a business professional. This results in uniquely qualified students who can provide dynamic solutions to real-world problems.

Our MS in User Experience and Interaction Design is a STEM-designated program that prepares professionals and recent college graduates to expand their careers in UX (user experience) and IxD (interaction design).

Recent graduates have found creative positions at companies such as:

- Comcast Interactive Media
- Disney ABC Television Group
- NBCUniversal SAP

## COLLEGE OF ARCHITECTURE AND THE BUILT ENVIRONMENT

At the College of Architecture and the Built Environment, students gain hands-on experience through Nexus Learning and real-world partnerships. With flexible programs and a focus on sustainability and social equity, our graduates are prepared to lead. Philadelphia's thriving design and construction industries offer unmatched opportunities for internships and professional growth.

Employment of construction managers is projected to grow by 9% from 2023 to 2033.
